

# Extended Definition Essay

- A definition essay defines a word, term, or concept in depth by providing a personal commentary on what the specific subject means.
- Abstract terms, such as *love*, *pain*, or *patriotism*, have different meanings for different individuals since such terms play on people's feelings more than their physical senses.
- The definition essay provides a personal, extended definition of such terms by linking or comparing the term to a previous definition and by illustrating how that term should be applied.

## 1. Setting up the Definition Essay

- Be sure to select a subject carefully.
- Since such essays are personal in nature, select your subject based on your own need to clarify the term.
- For example, if you feel that the word *marriage* should be defined in a limited manner, that term would make a good subject for a definition essay or perhaps as a student, you want to define what the term *discipline* means from your point of view.

## 2. Selecting a Term

- Select a term or subject that you know well enough so that you can provide specific examples to illustrate your definition.
- For example, if you aren't familiar with the term *platonic love*, don't attempt to define it in an extended essay. The subject of the essay must be familiar enough to you that you can readily supply specific examples.
- Once you have selected a subject, outline your paper carefully before writing.

## 3. Outlining

This will help you determine the specific points you want to cover in the definition and point out where you need examples.

Here are some suggestions for how to outline a definition paper:
