M. Forster,2000-04-01 E M Forster s meticulously observed drama of class warfare exploring the conflict inherent within English society the inspiration for the award winning two part play The Inheritance now on Broadway Only connect A chance acquaintance brings together the preposterous bourgeois Wilcox family and the clever cultured and idealistic Schlegel sisters As clear eyed Margaret develops a friendship with Mrs Wilcox the impetuous Helen brings into their midst a young bank clerk named Leonard Bast who lives at the edge of poverty and ruin When Mrs Wilcox dies her family discovers that she wants to leave her country home Howards End to Margaret Thus as Forster sets in motion a chain of events that will entangle three different families he brilliantly portrays their aspirations to personal and social harmony David Lodge s introduction provides an absorbing and eloquent overture to the 1910 novel that established Forster s reputation as an important writer and that he himself later referred to as my best novel This edition also contains a note on the text suggestions for further reading and explanatory notes For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **English Modernism, National Identity and the Germans, 1890-1950** Petra Rau,2016-05-13 This is the first systematic study to trace the way representations of Germanness in modernist British literature from 1890 to 1950 contributed to the development of English identity Petra Rau examines the shift in attitudes towards Germany and Germans from suspicious competitiveness in the late Victorian period to the aggressive hostility of the First World War and the curious inconsistencies of the 1930s and 1940s These shifts were no simple response to political change but the result of an anxious negotiation of modernity in which specific aspects of Englishness were projected onto representations of Germans and Germany in English literature and culture While this incisive argument clarifies and deepens our understanding of cultural and national politics in the first half of the twentieth century it also complicates current debates surrounding race and otherness in cultural studies Authors discussed include major figures such as Conrad Woolf Lawrence Ford Forster and Bowen as well as popular or less familiar writers such as Saki Graham Greene and Stevie Smith Accessibly written and convincingly argued Rau s study will not only be an important book for scholars but will serve as a valuable guide to undergraduates working in modernism literary history and European cultural relations Howards End Edward Morgan Forster,1921 Wife tries to make marriage work in spite of insincerity smugness and weakness on part of spouse and family **Howards End** E. M. Forster,2007-11-06 First published in 1910 Howards End is the novel that earned E M Forster recognition as a major writer

Soon to be a limited series on Starz At its heart lie two families the wealthy and business minded Wilcoxes and the cultured and idealistic Schlegels When the beautiful and independent Helen Schlegel begins an impetuous affair with the ardent Paul Wilcox a series of events is sparked some very funny some very tragic that results in a dispute over who will inherit Howards End the Wilcoxes charming country home As much about the clash between individual wills as the clash between the sexes and the classes Howards End is a novel whose central tenet Only connect remains a powerful prescription for modern life

Ethics and the English Novel from Austen to Forster Valerie Wainwright, 2016-05-13 Complicating a pervasive view of the ethical thought of the Victorians and their close relations which emphasizes the domineering influence of a righteous and repressive morality Wainwright discerns a new orientation towards an expansive ethics of flourishing or living well in Austen Gaskell Dickens Eliot Hardy and Forster In a sequence of remarkable novels by these authors Wainwright traces an ethical perspective that privileges styles of life that are worthy and fulfilling admirable and rewarding Presenting new research into the ethical debates in which these authors participated this rigorous and energetic work reveals the ways in which ideas of major theorists such as Kant F H Bradley or John Stuart Mill as well as those of now little known writers such as the priest Edward Taggart the preacher William Maccall and philanthropist Helen Dendy Bosanquet were appropriated and reappraised Further Wainwright seeks also to place these novelists within the wider context of modernity and proposes that their responses can be linked to the on going and animated discussions that characterize modern moral philosophy

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly

as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **The Death of the German Cousin** Peter Edgerly Firchow,1986 In works by Kipling and Forster Lawrence and Shaw Mansfield and Conrad the Germans were transformed from peaceful country cousins into bloodthirsty Huns The author s aim is to present what Lukacs calls extreme situations which radiate a symbolic force far beyond their relatively narrow confines

Modernity and the English Rural Novel Dominic Head,2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today **The Birth of Liberal Guilt in the English Novel** Daniel Born,1995 Daniel Born explores the concept of liberal guilt as it first developed in British political and literary culture between the late Romantic period and World War I Disturbed by the twin spectacle of urban poverty at home and imperialism abroad major nove British Writing from Empire to Brexit Robert Spencer,Howard J. Booth,Anastasia Valassopoulos,2025-02-27 This introduction to British literature from 1900 to 2021 looks at British writing from the perspective of the 2016 Brexit vote and its seismic repercussions The book covers a wide variety of British literature in order to expose the cultural and political history of Britain its repeated challenges and highly class bound patriarchal structure British Writing from Empire to Brexit Writing Identity and Nation offers a stark view of what British culture has come to represent and the repercussions Not shying away from discussions around imperialism nationalism and racism Robert Spencer Howard J Booth and Anastasia Valassopoulos offer a radical deconstruction of what Britishness can and should mean promoting a convincing and accessible way to rethink the texts and field The authors analyse novels poetry and prose which amplify the dissentient and dissident perspectives of women gender non conforming and queer authors as well as the varied viewpoints and insights of working class immigrant postcolonial Black and Asian writers showing how these works open up post national futures after empire and after Brexit Ultimately offering a model to rescue Britain from its current crises and anxieties this book is an essential read for anyone approaching the study of British literature and culture as well as those working on postcolonial studies decolonisation recent British

history and politics or with an interest in empire and Brexit *Portable Modernisms* Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism's exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character *English Studies* Mehmet Ali Çelikel, Baysar Taniyan, 2015-09-18 This volume offers a selection of revised versions of the papers presented at the 7th International IDEA Conference held at Pamukkale University in Denizli Turkey organised by the Association of English Language and Literary Studies in Turkey The contributions to this book offer a wide range of research from scholars on a variety of topics in English literature including Shakespearean studies Victorian colonial and postcolonial literature poetry and drama studies The volume also includes a number of informative research articles on comparative and translation studies which will offer assistance to young scholars in their academic studies In addition to acting as a guide to young academics the book will also function as a fruitful reference book in a wide range of English literary studies
