Practicing the Afterlife Susanne Formanek, William R. LaFleur, 2004 How do people in Japan conceive of life after death Although many Japanese today claim that on their archipelago there has never been much interest in this topic the evidence presented here shows otherwise Documenting a rich range of historical as well as contemporary scenarios that present life as going on after death these essays also show individuals and whole communities acting on the belief that the line between the living and the dead is porous and that it makes sense even now to practice the life one will have after becoming dead They thus not only bring forward aspects of Japan obscured until now but also can contribute to our own current discussions of life dying and death

Dance Collection,1979 Beyond Thinking Dogen,2004-04-27 Spiritual practice is not some kind of striving to produce enlightenment but an expression of the enlightenment already inherent in all things Such is the Zen teaching of Dogen Zenji 1200 1253 whose profound writings have been studied and revered for more than seven hundred years influencing practitioners far beyond his native Japan and the Soto school he is credited with founding In focusing on Dogen s most practical words of instruction and encouragement for Zen students this new collection highlights the timelessness of his teaching and shows it to be as applicable to anyone today as it was in the great teacher s own time Selections include Dogen s famous meditation instructions his advice on the practice of zazen or sitting meditation guidelines for community life and some of his most inspirational talks Also included are a bibliography and an extensive glossary Student Guide Series : Membakar Cd/dvd Dengan Nero 7 , Dōgen Studies William R. LaFleur,2021-05-25 The induction of D gen into the modern academic world or per haps more accurately the academic world s first real engagement with D gen came about 1924 when Watsuji Tetsur 1889 1960 published a provocative essay entitled Shaman D gen It was this essay that to many of Watsuji s contemporaries seemed to rescue D gen from what they considered to be his entrapment for nearly seven centuries in the sectarian embrace of the S t school Watsuji insisted that D gen no longer should be thought of as belonging exclusively to the monastic community Claiming instead that D gen belongs to mankind Watsuji with this declaration initiated the non sectarian study of this thirteenth century figure and in effect commenced what are called D gen Studies Dagen kenkyii in modern times As one way of exploring what it might possibly mean to say that D gen belongs to mankind the Kuroda Institute held a conference on D gen at Tassajara Springs California from October 8 to 10 1981 The essays of this volume are a part of its result **Enlightenment Unfolds** Kazuaki Tanahashi,2000-06-06 Enlightenment Unfolds is a sequel to Kaz Tanahashi s previous collection Moon in a Dewdrop which has become a primary source on Dogen for Western Zen students Dogen Zenji 1200 1253 is unquestionably the most significant religious figure in Japanese history Founder of the Soto school of Zen which emphasizes the practice of zazen or sitting meditation he was a prolific writer whose works have remained popular for six hundred years Enlightenment Unfolds presents even more of the incisive and inspiring writings of this seminal figure focusing on essays from his great life work Treasury of the True Dharma Eye as well as poems talks and correspondence much of which appears here in English for the first time Tanahashi has brought together his own translations of Dogen with those of some of the most respected Zen teachers and writers of our own day including Reb Anderson Edward Espe Brown Norman Fisher Gil Fronsdal Blanche Hartman Jane Hirschfield Daniel Leighton Alan Senauke Katherine Thanas Mel Weitzman and Michael Wenger Myōe the

Dreamkeeper George J. Tanabe, Jr.,2020-05-11 In the Kamakura period Myoe Shonin 1173 1232 was a leader of Nara Buddhists who sought to revitalize traditional Buddhism in Japan In his teaching Myoe specially emphasized the value of the visions that could be achieved through meditation and in his practice he kept and occasionally illustrated a diary of his own visions and significant night dreams The autograph copy of this remarkable document still exists although some pages have been scattered among collectors George J Tanabe Jr here presents in English the most comprehensive compilation of the diary in any language Moreover his study of Myoe s life and teachings provides both a context within which the diary can be understood and a view of the often doctrinally contentious world of Kamakura Buddhism **Zen Time** Raji C.

Steineck,2025-09-01 Offers a groundbreaking approach to a key text in Zen Buddhism In **Zen Time** Raji C Steineck provides a robust contextualization of D gen s Uji the most renowned text on time in Zen Buddhism Situating the text within the historical context of the medieval Zen master s writing Steineck illustrates how D gen shaped the rhythm of life in the Zen monastery to actualize his idea that time in itself is salvific D gen was meticulous in his observation of the particulars of each temporal moment regarding them as an opportunity to bring together interrelated tenets of Buddhist doctrine and practice In contrast to readings that equate the Zen approach to time with living the moment and that pit qualitative understandings of time against quantitative understandings Steineck shows how D gen was able to connect time s qualitative and quantitative aspects in a way that despite its mystical elements remains instructive in relation to contemporary secular and philosophical discussions The book includes a translation of Uji in an appendix **The Tale of the Heike** ,1975

Arbe,2019-04-30 What propelled me to write this book In addition to being nudged by Spirit and my own Inner Guidance I took a look around What is this fixation on race sex gender religion class that preoccupies so many of our species Where is

our plentiful joy and wonder at the magnificence of Creation More importantly what can we do about any lack of wonder Who are we anyway and why are we here Personally I am fascinated by the diversity and combinations in which we humans flourish with our multitude of talents looks and abilities I love our creativity our amazingly diverse yet similar energies and vibrations To me this variety is something to be honored and treasured a reflection of the artistry and abundance of Creation Despite the beauty that exists within diversity racial sexual gender and so on some of us appear to feel believe and act as if our variety is an issue going so far as to behave inimically toward others who outwardly look or seem different From where do these attitudes stem and where do these perceptions lead Is separation along color sex gender religious lines what anyone truly desires in the core of his/her being It is indicative of a culture with distorted ideas about race that people can even figure out what looking alike and looking different mean How are these differences of coloration interpreted In a culture that loved our multiplicity of being we would have a different conception of alike and different as well as different feelings and vibrations within ourselves We are in a new millennium We have the time space place resonance to be the enlightened beings that we are The choice is open to each and every one of us
