Dharma Alf Hiltebeitel, 2011-07-28 Between 300 BCE and 200 CE concepts and practices of dharma attained literary prominence throughout India Both Buddhist and Brahmanical authors sought to clarify and classify their central concerns and dharma proved a means of thinking through and articulating those concerns Alf Hiltebeitel shows the different ways in which dharma was interpreted during that formative period from the grand cosmic chronometries of kalpas and yugas to narratives about divine plans gendered nuances of genealogical time royal biography even autobiography in the case of the emperor Asoka and guidelines for daily life including meditation He reveals the vital role dharma has played across political religious legal literary ethical and philosophical domains and discourses about what holds life together Through dharma these traditions have articulated their distinct visions of the good and well rewarded life This insightful study explores the diverse and changing significance of dharma in classical India in nine major dharma texts as well some shorter ones Dharma proves to be a term by which to make a fresh cut through these texts and to reconsider their own chronology their import and their relation to each other *Know Thy Self* Jagdish Bhatia, 2012-11 **KOSMISCHE**

Patton, 2022-10-06 Why do twins remain uncanny to those born alone in other words most of us Even with the rise of IVF and an increase in multiple births why do we still do a double take when we encounter twins Why has this been a near universal response throughout human history and how has it played out in religion and myth Through the work of leading scholars in religion folklore and mythology history anthropology and archaeology Gemini and the Sacred explores how twinship has long been imagined especially in the complex relationship of sacred twin traditions to twins on the ground in biology and lived

experience The book considers the multiple ways in which the doubling of a human being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous Why has this been so and how does it affect living twins today Treating both famous and lesser known twins including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds early Christianity and Gnosticism Vedic Hindu West African Black Atlantic and native American traditions ancient Mesoamerica Celtic Roman Britain and Scandinavia and in the special fraught bond shared by all twins the book offers a variety of perspectives on this topic of great cultural significance

Hindu Bioethics for the Twenty-first Century S. Cromwell Crawford, 2012-02-01 S Cromwell Crawford breaks new ground in this provocative study of Hindu bioethics in a Western setting He provides a new moral and philosophical perspective on fascinating and controversial bioethical issues that are routinely in the news cloning genetic engineering the human genome project reproductive technologies the end of life and many more This Hindu perspective is particularly noteworthy because of India's own indigenous medical system which is stronger than ever and drawing continued interest from the West The Hindu bioethics presented in this book are philosophically pluralistic and ethically contextual giving them that conceptual flexibility which is often missing in Western religions but which is demanded by the twenty first century's complex moral problems Comprehensive in scope and passionate in nature Crawford's study is an important resource for analyses of practical ethics bioethics and health care

The War Within - Between Good and Evil Bhimeswara Challa, The human has always prided himself as an exceptional moral species but has always been haunted by two questions Why am I not good when I want to be why do I do bad when I don't want to This is at the heart of what scriptures and sages have long alluded to as the eternal internal struggle between good and evil that wages in the human consciousness The book posits that much of our confusion and angst stems from our inability to recognize the ramifications of this war between two sides of our own self It is because we are ignoring this war between two sides of our own self It is because we are ignoring this war that we are losing all other wars of the world That ignorance is the primary source of all the horrors malevolence and violence that fill us with so much dread But a favorable outcome is possible only if the forces of goodness are aided to get an upper hand consistently and that calls for two cathartic changes consciousness change by

inducing a turn from the mind to the heart and contextual change by radically reconstructing the roles of morality money and mortality in our everyday lives The book offers a menu of insights and options we all can use to tilt the scales in the war waging inside each of us **Indian Ethics** Purushottama Bilimoria, Joseph Prabhu, Renuka Sharma, 2017-03-02 Indian ethics is one of the great traditions of moral thought in world philosophy whose insights have influenced thinkers in early Greece Europe Asia and the New World This is the first such systematic study of the spectrum of moral reflections from India engaging a critical cross cultural perspective and attending to modern secular sensibilities The volume explores the scope and limits of Indian ethical thinking reflecting on the interpretation and application of its teachings and practices in the comparative and contemporary contexts The chapters chart orthodox and heterodox debates from early classical Hindu texts to Buddhist Jaina Yoga and Gandhian ethics The range of issues includes life values and virtues karma and dharma evil and suffering renunciation and enlightenment and extends to questions of human rights and justice ecology and animal ethics nonviolence and democracy Ramifications for rethinking ethics in a postmodern and global era are also explored Indian Ethics offers an invaluable resource for students of philosophy religion human sciences and cultural studies and to those interested in South Asian responses to moral dilemmas in the postcolonial era **Arjuna-Odysseus** N. J. Allen, 2019-11-07 Bringing together the study of the Greek classics and Indology Arjuna Odysseus provides a comparative analysis of the shared heritage of the Mahabharata and early Greek traditions presented in the texts of Homer and Hesiod Building on the ethnographic theories of Durkheim Mauss and Dumont the volume explores the convergences and rapprochements between the Mahabharata and the Greek texts In exploring the networks of similarities between the two epic traditions it also reformulates the theory of Georges Dumézil regarding Indo European cultural comparativism It includes a detailed comparison between journeys undertaken by the two epic heroes Odysseus and Arjuna and more generally it ranges across the philosophical ideas of these cultures and the epic traditions metaphors and archetypes that define the cultural ideology of ancient Greece and India This book will be useful to scholars and researchers of Indo European comparativism social and cultural anthropology classical literature Indology cultural and post colonial studies philosophy and religion as well as to those who love the Indian and Greek epics Marvels and Mysteries of the Mahabharata Abhijit Basu, 2013-11-17

Loving You is Losing Game Vindelluna, Ada dimana pembalasan dendam yang lebih dibutuhkan dibandingkan kata maaf Angel tahu ada yang tidak beres dengan kembarannya Zelli Adiknya itu selalu pulang dengan keadaan babak belur Dan menurut keterangan Papanya itu terjadi hanya karna pertengkaran remaja biasa Namun tidak menurutnya Angel tahu persis semua luka itu terjadi karena pembulian yang terjadi pada adiknya Hingga suatu hari Angel bertengkar hebat dengan Zelli Ia mengumpati adiknya dengan kata bodoh karena lebih memilih diam dibandingkan bersuara Namun hal itu membuat Angel ke dalam kecelakaan maut yang hampir menewaskan jiwanya Ada satu hal yang tidak ia mengerti mengapa ia malah terbangun di tubuh adiknya Orzecznictwo Sądu Najwyższego, Izba Karna i Izba Wojskowa ,2011 *Sanathana Sarathi*
