Katherine Mansfield And The Art Of The Short Story:

Katherine Mansfield and the Art of the Short Story Gerri Kimber, 2014-12-22 This volume offers an introductory overview to the short stories of Katherine Mansfield discussing a wide range of her most famous stories from different viewpoints The book elaborates on Mansfield's themes and techniques thereby guiding the reader via close textual analysis to an understanding of the author's modernist techniques

A Literary Modernist Gerri Kimber, 2008 Discussion of Mansfield's writing technique in the early years after her death was initially subordinate to the overwhelming interest in her personality with the hagiography of her life and praise for her personal writing particularly in France for many years taking precedence over any consideration of her fiction However with the passage of time there has emerged a more balanced and critical viewpoint with an attempt to remove the saint-like ethereal wholly false mask of the author so revered by the French The aim of this discussion is to illustrate how radical and innovative Mansfield's narrative writing would become during her life time ultimately placing her at the forefront of Modernist short story writers Yet even today there are a few critics who tend to concentrate on the facets of Mansfield's personality or her art which tally with their particular literary hypothesis ignoring what does not in order to create their particular version of Mansfield the writer It is not often that one is able to view all the facets which go to make up Mansfield's complex body of work Mansfield was that rare thing a writer exclusively associated with the short story The notional superficiality of her stories together with the premise that the short story is perceived to be a lesser form has meant that many critics have viewed Mansfield as a minor writer It is not known what she might have accomplished had her life not been cut short or whether her narrative art might have gone in a different direction Her legacy comprises roughly ninety stories some incomplete totalling about 300 000 words This study offers a detailed consideration of Mansfield's short stories and her work in the context of a literary Modernist Subjects covered include Mansfield's Narrative Technique Use of Literary Impressionism The Incorporation of Symbolism Sexuality as a Theme Portrayal of Children Use of Humour War and Death

The Art of Katherine Mansfield in the Short Story Helen Shortliffe, 1949 *Cinema and the Imagination in Katherine Mansfield's Writing* M. Ascari, 2014-01-10 Using silent cinema as a critical lens enables us to reassess Katherine Mansfield's entire literary career Starting from the awareness that innovation in literature is often the outcome of hybridisation this book discusses not only a single case study but also the intermedia exchanges in which literary modernism at large is rooted

Re-forming World Literature Gerri Kimber, Janet Wilson, 2017-09 The ground breaking essays gathered in this volume argue that global paradigms of world literature often referencing the major metropolitan centres of cultural and literary production do not always accommodate voices from the margins and writing within minority genres such as the short story Katherine Mansfield is a supreme example of a writer who is positioned between a number of different borders and boundaries between modernism and postcolonialism between the short story and other genres between Europe and New Zealand In pointing to the global production and dissemination of short stories and in particular the growing reception of Mansfield's work worldwide since her death in 1923 the volume shows how literary modernism can be read in a myriad of ways in terms of the contemporary category of new world literature *Katherine Mansfield and Her Art* Grace Headley Kehr, 1935 **Selected Stories of Katherine Mansfield** Katherine Mansfield, 2023-06-15 Katherine Mansfield 1888 1923 was one of the leading figures in the development of the modernist short story and her writings were a profound influence on writers such as Virginia Woolf and D H Lawrence Presenting for the first time draft manuscripts of some of her most important stories this book gives scholars and students alike vivid new insight into Mansfield's creative process With manuscripts for each text presented in facsimile and transcript detailed notes throughout compare early drafts with later revisions and the final published work In the final section of the book leading scholars offer vivid new critical readings exploring the manuscript history of these stories The stories included are Je ne parle pas francais Sun and Moon Revelations The Stranger The Daughters of the Late Colonel Mr and Mrs Dove Marriage la Mode The Voyage Six Years After The Fly

Journal of Katherine Mansfield Katherine Mansfield, 1927 *Women's Colonial Gothic Writing, 1850-1930* Melissa Edmundson, 2018-05-19 This book explores women writers involvement with the Gothic The author sheds new light on women's experience a viewpoint that remains largely absent from male authored Colonial Gothic works The book investigates how women writers appropriated the Gothic genre and its emphasis on fear isolation troubled identity racial otherness and sexual deviancy in order to take these anxieties into the farthest realms of the British Empire The chapters show how Gothic themes told from a woman's perspective emerge in unique ways when set in the different colonial regions that comprise the

scope of this book Canada the Caribbean Africa India Australia and New Zealand Edmundson argues that women's Colonial Gothic writing tends to be more critical of imperialism and thereby more subversive than that of their male counterparts This book will be of interest to students and academics interested in women's writing the Gothic and colonial studies

Olfactory Art and the Political in an Age of Resistance Gwenn-Aël Lynn, Debra Riley Parr, 2021-06-14 This book claims a political value for olfactory artworks by situating them squarely in the contemporary moment of various forms of political resistance Each chapter presents the current research and art practices of an international group of artists and writers from the United States Canada France Germany Switzerland Thailand Sweden and the Netherlands The book brings together new thinking on the potential for olfactory art to critique and produce modes of engagement that challenge the still powerful hegemonic realities of the twenty first century particularly the dominance of vision as opposed to other sensory modalities The book will be of interest to scholars working in contemporary art art history visual culture olfactory studies performance studies and politics of activism *The Collected Fiction of Katherine Mansfield, 1916-1922* Katherine Mansfield, 2012 The resurgence of interest in Katherine Mansfield 1888 1923 in recent years has grown to the extent that she is now perceived as the most emblematic woman writer of her time The Edinburgh edition of her stories is a truly complete collection of the author's fiction writing *The Art of Katherine Mansfield* Mary Rohrberger, 1977 *Laughter, Literature, Violence, 1840-1930* Jonathan Taylor, 2019-02-04 *Laughter Literature Violence 1840 1930* investigates the strange complex even paradoxical relationship between laughter on the one hand and violence war horror death on the other It does so in relation to philosophy politics and key nineteenth and twentieth century literary texts by Edgar Allan Poe Edmund Gosse Wyndham Lewis and Katherine Mansfield texts which explore the far reaches of Schadenfreude and so called superiority theories of laughter pushing these theories to breaking point In these literary texts the violent superiority often ascribed to laughter is seen as radically unstable co existing with its opposite an anarchic sense of equality Laughter humour and comedy are slippery duplicitous ambivalent self contradictory hybrids fusing apparently discordant elements Now and then though literary and philosophical texts also dream of a different kind of laughter one which reaches beyond its alloys a transcendent perfect laughter which exists only in and for itself *The Bookman's Manual* Bessie Graham, 1928 *The Art of Brevity* Per Winther, Jakob Lothe, Hans H. Skei, 2004 *The Art of Brevity* gathers fresh ideas about the theory and writing of short fiction from around the globe to produce an international inclusive exploration of the steadily growing field of short story studies Though Anglo American scholars have served as the primary developers of contemporary short story theory since the field's inception in the 1960s this volume adds the contributions of scholars living in other parts of the world Such Anglo American pioneers as Mary Rohrberger Charles May Susan Lohafer and John Gerlach join with short fiction scholars at universities in Norway Denmark Sweden and Canada to build academic bridges and expand the field geographically as well as conceptually Contributors to the volume weave together themes of time space compression mystery reader response and

narrative closure They discuss writers as varied as Edgar Allan Poe Nathaniel Hawthorne Herman Melville Sarah Orne Jewett James Joyce Franz Kafka Ernest Hemingway Mavis Gallant Flannery O Connor Eudora Welty Margaret Atwood Alice Munro and Robert Olen Butler the nineteenth century queer short story and contemporary Danish short shorts *Art and Commerce in the British Short Story, 1880-1950* Dean Baldwin, 2015-10-06 The short story was a commercial phenomenon which took off in the late nineteenth century and lasted through to the rise of television and film Baldwin uses a wide variety of sources to show how economic factors helped to dictate how and what a wide variety of authors wrote
