Beginnings Johnny Mass, 2010-12-20 These are just my opinions and you should take from this what you can and make it your own This should not be taken as a step by step manual I wrote this because I wanted to prove that you don't need to be the world's best magician to perform and create the world's best magic Everyone has the capability to become as big as they want to be In here you will find everything you need to improve your career in magic Everything is covered from performance and stage presence to the business side of it such as how to get the gigs and make an impression I even give you a sample contract which you can use I've also included a couple of my own works that have been tested in the real world If I was able to help anyone in anyway then this was worth it Always strive to better yourself in everything you do I encourage all of you to delve into yourselves that's where you will find true magic Mystify Your Mind **Motivmagic!**
