The Origin and Growth of Geography as a discipline at South Africa Universities Gustav Visser, Ronnie Donaldson, Cecil Seethal, 2016-09-20 **Proceedings of the International Conference on Business and Management Dynamics 2016: Sustainable economies in the information economy** Joy E. Akahome, Michael Twum-Darko, Cyril Ogbokor, Nyaniso Mfusi Zonke, T. Sethibe, R. Steyn, Esme Mohammed, Renier Steyn, L.B. Nguenang, Mamorena Lucia Matsoso, Henry N. Ozuru, Julius Akaba, Patient Rambe, Edem Korku Agbobli, Henri-Vincent Ndjave-Ndjoy, Regis Muchemwa, Andre de la Harpe, Konosoang Mpiti, Ayodeji Afolayan, 2016-12-31 Cape Town South Africa 7 Sept 2016 8 Sept 2016 Theme Sustainable economies in the information economy Purpose To share the quality academic papers presented at the International Conference on Business and Management Dynamics ICBMD held from 7 to 8 September 2016 at African Pride Crystal Hotel and Spa in Cape Town As grey literature the proceedings are the contributions made by researchers at the conference and are considered the written record of the work that was presented to fellow conference delegates Methodology The methodology used varies from researcher to researcher but are suitable for the studies conducted Thus on the one hand studies that were subjective in nature used the interpretive paradigm where the qualitative approach adopted made use of the interview method to collect data On the other hand studies that were objectively inclined adopted the positivist philosophy and used survey questionnaires to collect data However there were some academic papers which used mixed methodology because of the nature of the study Whatever methodology used adhered to the ethos of the philosophies underpinning the methodology Contribution made to scholarship The articles come from individual researchers and each article in the proceedings is unique Mostly there is no general argument leading from one contribution to the next However it is interesting to note that in the area of economic performance it was evident that real exchange rate and net foreign direct investment contribute more towards innovations in economic growth With regard to human capital development papers presented evidence that there exists a definite need to explore the phenomenon of personal branding as limited scientific academic research has been done within the field of personal branding or on elements of the topic Thus the outcome argues that personal branding has an influence on leadership style which in turn impacts on organisational performance and related hygiene factors Furthermore it was demonstrated that current methods or strategies for enforcing institutionalisation of knowledge sharing within an organisation have not been successful and as such new strategies are needed to reinforce efforts to nurture and invigorate the institutionalisation of knowledge sharing within an organisation With regard to technology and big data impact on organisational performance it was evident that system performance memory consumption and CPU utilisation can be used as criteria to compare and evaluate big data technologies to improve organisational performance Most of the articles contribution reemphasised technology education and training as a means of digitising business and improving effectiveness Target audience The target readership is academic researchers and business leaders

who require access to the latest developments in the fields of economics information management business education development studies social sciences and technology It is also for policymakers and other stakeholders who need a better understanding of the impact of new developments on existing policies and regulations for their review or amendment

Sustainable Development in Africa Walter Leal Filho, Rudi Pretorius, Luiza Olim de Sousa, 2021-07-09 This book serves the purpose of documenting and promoting African experiences on sustainable development which encompasses both formal and non formal education Sustainable development is very important to Africa but there is a paucity of publication which documents and promotes experiences from African countries Due to their complexity the interrelations between social economic and political factors related to sustainable development especially at universities need to be better understood There is also a real need to showcase successful examples of how African institutions are handling their sustainability challenges It is against this background that this book has been produced It is a truly interdisciplinary publication useful to scholars social movements practitioners and members of governmental agencies and private companies undertaking research and or executing projects focusing on sustainability from across Africa As African nations strive to pursue the UN Sustainable Development Goals it is imperative to cater for the information needs seen across the continent and foster the dissemination of experiences and case studies which may support both on going and future efforts The scope of the book is deliberately kept wide and we are looking for contributions across the spectrum of sustainable development from business and economics to arts and fashion administration environment languages and media studies

Who's who of Southern Africa ,2003 Vols for 1967 70 include as a section Who s who of Rhodesia Mauritius Central and East Africa Finance Week ,2004-05 **Integrated Annual Report ...** Broadband Infraco,2016 **Inclusive Organizational Transformation**

Dr Rica Viljoen,2015-01-28 In *Inclusive Organizational Transformation* Dr Rica Viljoen acknowledges that diversity of thought presents both gifts and challenges to leadership in multi national organizations Here Inclusivity is positioned as a radical transformational methodology with the purpose of unleashing the benefits of engagement and diversity of thought Case studies from Ghana South Africa Australia Peru and Tanzania are included and insights gained from the dynamics observed are shared A synthesis of Inclusivity is presented in a model meta insights are derived and the prerequisites for Inclusivity on individual group and organizational domain are illustrated *Who's Who of Southern Africa, 1996-97* S. V. Hayes,Ed

1996-97,1996-11-30 **Private Financing of Public Transportation Infrastructure** Wendell C. Lawther, Lawrence L. Martin,2015-10-22 This book discusses a unique combination of best practices and lessons learned including evaluation and transparency issues not found elsewhere in other texts Given that P3s are evolving and changing it contains the most up to date information and review of relevant sources Other topics that have become more important are reviewed including the value of benefit cost analysis and the appropriate discount rate to use for value for money analysis Practices and policies are discussed throughout highlighting efforts that could lead to successful outcomes Although transparency is an issue discussed

by many this research indicates that greater transparency would lead to more publicly accepted P3s and ensure greater success Given recent national news coverage of relevant topics such as the Highway Trust Fund running out of money President Obama's call for an infrastructure fund and increasing Congressional interest and testimony the content of this book is timely A concurrent theme commonly addressed by other books and commentaries is the complexity of the topic and the lack of understanding of P3s This research identifies practices and procedures that are innovative and cutting edge Many of the best practices identified are not uniformly adopted by all officials wishing to create P3s The analysis does not simply describe these practices but provides insights into the potential advantages of adoption Experiences in the United States as well as selected international efforts provide a wide range of potential sources from which to draw upon This book provides a series of case studies and examples including one chapter devoted to ten studies that were written by several internationally known authors References to actual experiences are found throughout almost all of the chapters These case studies reinforce and illustrate relevant points made throughout

Strength Nurturing God'S Talents Through Stewardship Nandipha Ntsaluba, 2015-04-16 Parable articulated in Matthew 25 profiles the need to dig up the buried talents and maximise these as a faithful steward The book encapsulates the authors inner drive to pen events and thoughts that occupied her space Focusing on Nandis dimple which is Gods given trademark that must be protected and treasured the book illuminates the authors thought processes Well known to be a slow actor and mistakenly referred to as indecisive she spends moments extracting the best out of every situation Over years she learnt the ability to transcend situations and rise to the best occasion These thoughts have been packaged to unveil her physical social and spiritual life portraying her origins and how her upbringing has affected her professional and spiritual being The views herein present the author as an individual driven by her analytical skills capturing Nandi the child spiritual being parent the mentor and the mentored The author belongs to a great clan of thinkers and cultural beings She acknowledges military members who identified the talent and continually instructed her to put pen to paper Finally the ground breaking publication has revived the sleeping giant within the author and all that is there to say is that the pen is going to claim its power more than ever
