Trade Unions and European Integration Johannes Kiess, Martin Seeliger, 2019-05-23

Trade Unions and European Integration brings together pessimists and optimists on trade unionism under the contemporary pressures of European integration The Great Recession has brought new attention to structural problems of the European integration process specifically monetary integration holding the potential of disabling any trans national co ordination Other authors argue that the current crisis also poses the chance for mobilization and new impulses for European trade unionism This is discussed in the volume alongside a variety of topics including bargaining coordination co determination European governance regimes and European wide mobilization While the importance of the question of how trade unionism and wage policy can will and should develop under the conditions of European integration seems widely shared the polarization of the debate itself deserves our attention to learn about the opposing arguments and points of view and to enhance academic discussion as well as consultancy to policy makers This volume addresses this debate by bringing together the most distinguished voices and searching for common ground as well as new perspectives on European trade

unionism and collective bargaining The chapters of the volume organised topically are each accompanied by a comment from a distinguished scholar highlighting the divisions of the debate With this innovative approach this book advances the dialogue between what have become openly opposed camps of optimists and pessimists on the future of European integration trade unionism and its future chances Trade Unions and European Integration will appeal to students and researchers interested in fields such as European Studies Industrial Relations Political Economics Social Movements and Sociology of Work

China's Foreign Policy: Challenges And Prospects Joseph Yu-shek Cheng,2016-03-15 This volume examines the Chinese foreign policy framework today and traces its evolution since the post Mao era Through the consideration of China's relations with the major powers and its management of various challenges ranging from territorial disputes to energy security it investigates China's pursuit of major power status and influence in peaceful international scenarios The author critically analyzes China's foreign policy from Chinese leaders evolving worldview of the changing international environment As China emerges as a major power and the second largest economy in the world anyone interested in international politics and scenarios as well as China's foreign policy needs a basic insightful reference book like this

Happiness for All? Carol Graham,2017-03-07 How the optimism gap between rich and poor is creating an increasingly divided society The Declaration of Independence states that all people are endowed with certain unalienable rights and that among these is the pursuit of happiness But is happiness available equally to everyone in America today How about elsewhere in the world Carol Graham draws on cutting edge research linking income inequality with well being to show how the widening prosperity gap has led to rising inequality in people's beliefs hopes and aspirations For the United States and other developed countries the high costs of being poor are most evident not in material deprivation but rather in stress insecurity and lack of hope The result is an optimism gap between rich and poor that if left unchecked could lead to an increasingly divided society Graham reveals how people who do not believe in their own futures are unlikely to invest in them and how the consequences can range from job instability and poor education to greater mortality rates failed marriages and higher rates of incarceration She describes how the optimism gap is reflected in the very words people use the wealthy use words that reflect knowledge acquisition and healthy behaviors while the words of the poor reflect desperation short term outlooks and patchwork solutions She also explains why the least optimistic people in America are poor whites not poor blacks or Hispanics Happiness for All highlights the importance of well being measures in identifying and monitoring trends in life satisfaction and optimism and misery and despair and demonstrates how hope and happiness can lead to improved economic outcomes

OECD Economic Surveys: Italy 2007 OECD,2007-06-04 This 2007 edition of OECD's review of Italy's economy finds a welcome economic recovery under way But medium term prospects remain challenging productivity shows little signs of resurgence high public indebtedness threatens fiscal health

Governance and Economic Growth in Nigeria Saidat Ilo,2023-10-24 Governance and Economic Growth in Nigeria The Role of China and the U S between 2001 2011 examines why Nigeria experienced

steady economic growth in GDP between 2001 2011 Saidat Ilo argues that improved governance as well as the perceived competition between China and the United States has impacted this growth She analyzes this perceived rivalry and their policies closely This book not only contributes to development theories by focusing and analyzing governance but it also goes a step further by filling a gap of contending theories which fail to consider the role governance plays in economic growth and progress particularly in the developing world Through in depth research Saidat Ilo discovers how China and the United States foreign policies influence decisions on foreign aid and trade in Nigeria She shows that there is a direct correlation between good governance and economic growth in Nigeria and provides policy recommendations based on this research

Greece's (un) Competitive Capitalism and the Economic Crisis Spyros Sakellariopoulos, 2019-05-15 This book reviews the profound transformation to the Greek political economy in recent years and considers the reasons that have led to this transformation Further the author explores the social experimentation and social diversity that evolved as a result of the Greek and international economic crises By challenging various assumptions made about the crisis the author sheds light on Greek social relations and the country's particular type of capitalist development This book will be of value to both economists and sociologists linking discussions about social class with economic political and institutional analyses

Remaking European Political Economies Dennis Zagermann, 2023-12-18 From 2009 to 2015 the euro area of the European Union EU experienced an existential socio economic crisis To secure its institutional integrity the EU designed several new institutions to support member states in need but also to facilitate socio economic adjustments The European Stability Mechanism ESM lies at the centre of this strategy it provides financial assistance to member states in severe crisis on an intergovernmental basis while demanding compliance with adjustment programs from program countries Based on a comparative political economic analysis Remaking European Political Economies shows that the EU's financial assistance programs focused strongly on reforms that led to a partial convergence of program countries based on market based economic governance and reduced governmental influence in the economy The book draws on extensive empirically based case studies of two prominent euro area countries in crisis Greece and Ireland Dennis Zagermann illustrates that socio economic models in the euro area can experience institutional change if exposed to severe crises in combination with financial assistance programs that include policy conditionality In doing so his book sheds light on the central question of whether there is a possible convergence of European models of capitalism a question that has been at the centre of comparative political economic debates for over thirty years

New Economic Constitutionalism in Europe George Gerapetritis, 2019-10-31 New Economic Constitutionalism in Europe focuses on the institutional mutation of constitutionalism following the major economic crisis in the Eurozone and globally The main axis is that a new economic constitutionalism has arisen which trespasses on the conventional conceptual foundations and needs to be addressed with novel institutional vehicles The author proposes an original and searching analysis of the significant constitutional evolutions that have taken

place in member states in response to the global financial crisis The book combines a sophisticated theoretical model of a new form of economic constitutionalism with detailed practical argumentation This important new work provides a valuable addition to the understanding of this hugely important topic

China's Economic Development Lee Pei May, 2024-06-21 Through a rigorous examination of China's rise Lee addresses an important question Did China catch up Or more specifically can growth be automatically translated to catching up with the advanced industrialised countries or has it only allowed limited progress if any to be made To answer these queries and the broader question of the possibility of the Global South converging with the Global North four development theories are utilised with competing explanations to uncover the complexity and multifaceted development of China This includes whether China really has a unique developmental model to offer Positioning China within the global economy this book traces its developmental progress over time as well as its progress relative to other countries To understand whether the Chinese political economy is socialist or not Lee moves away from the orthodox definition of socialism and instead examines the official narrative of Socialism with Chinese Characteristics Lastly this book argues that though China is catching up challenges that could potentially block China's progress for a full catch up are to be anticipated A useful resource for students and scholars in the fields of international relations international political economy Chinese studies and development studies

Western Balkan Economies in Transition Reiner Osbold, Will Bartlett, 2018-08-23 This book explores the economic and social development of the Western Balkan region a group of six countries that are potential candidates for EU membership It focuses on the key economic issues facing these countries including the challenge of promoting economic growth limiting public deficits and debt and fostering international trade relations Given the severe impact of the recent economic crisis on social welfare in the region it also investigates the nature and extent of social exclusion a factor likely to produce future political instabilities if not effectively addressed by a return to sustainable economic growth The contributions explore these issues in light of the major influence of EU policy instruments and advice which are currently guiding the economies along an accession trajectory to future EU membership

The 1.5 Billion People Question Harold Alderman, Ugo Gentilini, Ruslan Yemtsov, 2017-10-12 Most of the people in low and middle income countries covered by social protection receive assistance in the form of in kind food The origin of such support is rooted in countries' historical pursuit of three interconnected objectives namely attaining self sufficiency in food managing domestic food prices and providing income support to the poor This volume sheds light on the complex bumpy and non linear process of how some flagship food based social protection programs have evolved over time and how they currently work In particular it lays out the broad trends in reforms including a growing move from in kind modalities to cash transfers from universality to targeting and from agriculture to social protection Case studies from Egypt India Indonesia Mexico Sri Lanka and United States document the specific experiences of managing the process of reform and implementation including enhancing our understanding of the opportunities and challenges with different social protection transfer modalities

Law of Economic & Monetary Union Fabian Amtenbrink, Christoph Herrmann, 2020-05-21 Presenting a sweeping analysis of the legal foundations institutions and substantive legal issues in EU monetary integration The EU Law of Economic and Monetary Union serves as an authoritative reference on the legal framework of European economic and monetary union The book opens by setting out the broader contexts for the European project historical economic political and regarding the international framework It goes on to examine the constitutional architecture of EMU the main institutions and their legal powers the core legal provisions of monetary and economic union and the relationship of EMU with EU financial market and banking regulation The concluding section analyses the current EMU crisis and the main avenues of future reform

Meltdown Larry Kirsch, Gregory D. Squires, 2017-03-09 Meltdown reveals how the Consumer Financial Protection Bureau was able to curb unsafe and unfair practices that led to the 2008 financial crisis In interviews with key government industry and advocacy groups along with deep archival research Kirsch and Squires show where the CFPB was able to overcome many abusive practices where it was less able to do so and why Open for business in 2011 the CFPB was Congress's response to the financial catastrophe that shattered millions of middle class and lower income households and threatened the stability of the global economy But only a few years later with U S economic conditions on a path to recovery there are already disturbing signs of the re emergence of the high risk high reward credit practices that the CFPB was designed to curb This book profiles how the Bureau has attempted to stop abusive and discriminatory lending practices in the mortgage and automobile lending sectors and documents the multilayered challenges faced by an untested new regulatory agency in its efforts to transform the broken but lucrative business practices of the financial services industry Authors Kirsch and Squires raise the question of whether the consumer protection approach to financial services reform will succeed over the long term in light of political and business efforts to scuttle it Case studies of mortgage and automobile lending reforms highlight the key contextual and structural conditions that explain the CFPB's ability to transform financial service industry business models and practices Meltdown The Financial Crisis Consumer Protection and the Road Forward is essential reading for a wide audience including anyone involved in the provision of financial services staff of financial services and consumer protection regulatory agencies and fair lending and consumer protection advocates Its accessible presentation of financial information will also serve students and general readers

From Stress to Growth Marcus Noland, Donghyun Park, 2015 Examines such phenomena as the dominance of state owned banks the growth of non bank lending the so called shadow banks and the need to develop local bond markets new financial centers and stronger supervisory tools to prevent dangerous real estate asset bubbles

Co-Crafting the Just City James A. Throgmorton, 2022-03-23 The 2016 election in Iowa City would provide an opportunity that planning faculty have long desired the opportunity for one of their own to serve as mayor In this new book former Iowa City Mayor and Professor Emeritus James A Throgmorton provides readers a sense of what democratically elected city council members and mayors in the United States do and what it feels like to occupy and enact

those roles He does so by telling a set of practice stories focusing primarily but not exclusively on what he a retired planning professor at the University of Iowa experienced and learned as a council member from 2012 through 2019 and simultaneously as mayor from 2016 through 2019 The book proposes a practical action oriented theory about how city futures are being and can be shaped showing that storytelling of various kinds plays a very important but poorly understood role in the co crafting process and demonstrating that skillful use of ethically sound persuasive storytelling especially by mayors can improve our collective capacity to create better places The book documents efforts to alleviate race related inequities increase the supply of affordable housing adopt an ambitious climate action plan improve relationships between city government and diverse marginalized communities pursue more inclusive and sustainable land development codes policies and more It will be of great interest to urban planning faculty and students and elected officials looking to collaboratively craft better cities for the future

Economics for People and the Planet James Boyce, 2019-01-16 Economics for People and the Planet a collection of essays by James K Boyce on the environment inequality and the economy argues that there is not an inexorable trade off between advancing human well being and having a clean and safe environment The goal of economic policy should be to grow the good things that improve our well being and environmental quality and reduce the bad things that harm humans and nature To reorient the economy for these ends we will need to achieve a more egalitarian distribution of wealth and power Global climate change the most pressing environmental challenge of our time adds urgency to this task and creates historic opportunities for moving towards a greener future The audiobook version of Economics for People and the Planet features new chapters on the Green New Deal and the environmental costs of inequality Foreword by Manuel Pastor

Journalism and Austerity Christos Kostopoulos, 2020-09-10 Using an original empirical study of the frame building process in the press this book analyses the interplay between political economy and framing theories focusing on what the frames found in the press can reveal about structural power struggles and the contribution of journalism to democratic debate

Neighbourhood Perceptions of the Ukraine Crisis Gerhard Besier, Katarzyna Stoklosa, 2016-11-03 Recent events in Ukraine and Russia and the subsequent incorporation of Crimea into the Russian state with the support of some circles of inhabitants of the peninsula have shown that the desire of people to belong to the Western part of Europe should not automatically be assumed Discussing different perceptions of the Ukrainian Russian war in neighbouring countries this book offers an analysis of the conflicts and issues connected with the shifting of the border regions of Russia and Ukraine to show how material and psychological borders are never completely stable ideas The contributors historians sociologists anthropologists and political scientists from across Europe use an interdisciplinary and comparative approach to explore the different national and transnational perceptions of a possible future role for Russia

Indian Economy, 72nd Edition Datt Gaurav & Mahajan Ashwani, 2018 This book presents a comprehensive survey of the Indian Economy in terms of GDP growth savings investment and developments in various sectors such as agriculture industry and services A

contradiction observed in India is that while the reform process has resulted in boosting GDP growth it has failed to yield acceleration in the process of poverty reduction and growth of employment
