Miss U Angel Of The Underground:

Angels of the Underground Theresa Kaminski, 2016 Angels of the Underground makes a significant contribution to the work on women's wartime experiences Through the lens of Utinsky and Phillips who never wavered in their belief that it was their duty as patriotic American women to aid the Allied cause Kaminski highlights how women have always been active participants in war whether or not they wear a military uniform An impressive work of scholarship grounded in archival research and personal interviews this is also a stunning story of courage and heroism in wartime **Girocho** John Henry Poncio, Marlin Young, 2003-05-01 After surviving the brutal Bataan Death March in spring 1942 Louisiana native John Henry Poncio spent the remainder of World War II as a Japanese prisoner first at Camp Cabanatuan in the Philippines and later at Hirohata in Japan In those three and a half years U S Army Air Corps sergeant Poncio suffered severe beatings starvation disease and emotional and psychological abuse at the hands of his captors However his resiliency sense of humor and cunning helped him to persist and to recover from the traumatic events without rancor toward the Japanese In Girocho he relates his experiences as a POW with touching honesty vividly describing the harsh conditions he and his comrades endured as well as the sometimes funny clashes with Japanese culture Girocho was a samurai who stole from the rich and gave to the poor a Japanese Robin Hood Early on Poncio was given this name in jest by one of the prison guards and it suited him perfectly During his internment he took part in a vast smuggling operation that brought food money mail and other supplies into the POW camps he reported enemy troop movements to Filipino guerrillas and participated in acts of sabotage He and the other prisoners worked together incessantly to subvert the Japanese war effort even under the threat of death going so far as to bury expensive calibration equipment in wet cement and build irregular gears for planes To frustrate their captors and to stay alive the American POWs developed the technique going Asiatic maintaining a blank expression during interrogations and beatings and escaping mentally for a time Although he and his fellow captives were treated with cruelty by many Poncio recalls the camaraderie of the prisoners and encounters with humane guards and kind civilians proving his remarkable gift for finding the positive in the most dire of situations Girocho is an inspiring memoir transcribed verbatim by Poncio's wife Inez from nine hours of cassettes Poncio recorded some years after the war Marlin Young verified her uncle's stories placed them in chronological order and set them within the greater context of the war creating a compelling tale of one soldier's courage honor and resolve to overcome life as a prisoner of war Their book is a fitting tribute to the POWs in the Pacific who fought in their unique way for the U S war effort their friends and their very lives **Women Heroes of World War II—the Pacific Theater** Kathryn J. Atwood, 2016-10-01 A Notable Social Studies Trade Book for Young People 2017 Glamorous American singer Claire Phillips opened a nightclub in Manila using the earnings to secretly feed starving American POWs She also began working as a spy chatting up Japanese military men and passing their secrets along to local guerrilla resistance fighters Australian Army nurse Vivian Bullwinkel stationed in Singapore then shipwrecked in the the

Dutch East Indies became the sole survivor of a horrible massacre by Japanese soldiers. She hid for days tending to a seriously wounded British soldier while wounded herself. Humanitarian Elizabeth Choy lived the rest of her life hating war though not her tormentors after enduring six months of starvation and torture by the Japanese military police. In these pages readers will meet these and other courageous women and girls who risked their lives through their involvement in the Pacific Theater of Operations during World War II. Fifteen suspense-filled stories unfold across China, Japan, Malaya, Singapore, the Dutch East Indies, and the Philippines, providing an inspiring reminder of women's and girls' refusal to sit on the sidelines around the world and throughout history. These women, whose stories span 1932 to 1945, the last year of the war, served in dangerous roles as spies, medics, journalists, resisters, and saboteurs. Seven of them were captured and imprisoned by the Japanese, enduring brutal conditions. Author Kathryn J. Atwood provides appropriate context and framing for teens 14 and up to grapple with these harsh realities of war. Discussion questions and a guide for further study assist readers and educators in learning about this important and often neglected period of history. *Men of God, Men of War* Robert C.

Doyle, 2024-03-15 *Men of God, Men of War* tells the stories of chaplains who have served in America's wars. In his exploration of military chaplaincy, author Robert Doyle poses questions about their brand of service to the United States. He examines the complexities of the chaplains' vocation, the types of services they performed, the roles they assumed in combat, and as prisoners of war, and how they interacted with the military personnel they served and supported. Doyle explores the high price many paid for their commitment to their unique type of service. Doyle illuminates the histories of chaplains who did their duty selflessly to God, to their country, to the soldiers, sailors, Marines, and airmen with whom they found themselves in very dire circumstances over the past three hundred years. Chaplains throughout American history have served bravely and selflessly at home and in the field, both under fire and behind the wire. Chaplains served as sources of motivation, inspiration, and peace for military personnel in times of hardship, especially in captivity. Doyle illustrates that while they are now treated as non-combatants, chaplains' vital role as leaders cannot be underestimated or understated. *Men of God, Men of War* examines how chaplains performed under fire in hostile environments, beginning with the Revolutionary War through the war on terror in Iraq and Afghanistan. The chaplains of the Revolution were patriots, first soldiers, second, and men of God, third. From the Civil War to modern times, these men gave hope to the hopeless, absolution to those soldiers who stood before their Maker before battles, and faith in themselves and their comrades so necessary for men in combat. Doyle's research shows that military chaplains have always remained necessary to men at war, even in a modern, secular military. *Race Against Death: The Greatest POW Rescue of World War II* (Scholastic Focus) Deborah Hopkins, 2023-04-18
