Form Follows Love (English edition) Anna Heringer, Dominique Gauzin-Müller, 2024-08-19 According to Anna Heringer Beauty has nothing to do with money or finance but everything to do with creativity and love With statements like this she clearly has her finger on the pulse of our time judging by the packed lecture halls international awards such as the 2007 Aga Kahn Award or the 2020 OBEL Award and exhibitions at MoMA MAM Sao Paulo and the Venice Biennale In *Form Follows Love* Anna Heringer talks to author Dominique Gauzin Müller about her career as an architect her studies her experiences during a workshop by Martin Rauch her practice in the Global South and current projects in the Global North She shares with us the insight that clay is not only an environmentally friendly material but in the best cases it can even trigger socially beneficial processes Essential text describing the work of Anna Heringer an architect specialized in clay How architecture can have a positive impact on the environment and society Building with local resources to maintain ecological balance Available in German English and French

Global TV Denise D. Bielby, C. Lee Harrington, 2008-08-17 A reporter for the Los Angeles Times once noted that *I Love Lucy* is said to be on the air somewhere in the world 24 hours a day That *Lucy*'s madcap antics can be watched anywhere at any time is thanks to television syndication a booming global marketplace that imports and exports TV shows Programs from different countries are packaged bought and sold all over the world under the watch of an industry that is extraordinarily lucrative for major studios and production companies In *Global TV* Denise D Bielby and C Lee Harrington seek to understand the machinery of this marketplace its origins and history its inner workings and its product management In so doing they are led to explore the cultural significance of this global trade and to ask how it is so remarkably successful despite the inherent cultural differences between shows and local audiences How do culture specific genres like American soap operas and Latin telenovelas so easily cross borders and adapt to new cultural surroundings Why is *The Nanny* whose gum chewing star is from Queens New York a smash in Italy Importantly Bielby and Harrington also ask which kinds of shows fail What is lost in translation Considering such factors as censorship and other such state specific policies what are the inevitable constraints of crossing over Highly experienced in the field Bielby and Harrington provide a unique and richly textured look at global television through a cultural lens one that has an undeniable and complex effect on what shows succeed and which do not on an international scale

A Frequency Dictionary of Contemporary American English Mark Davies, Dee Gardner, 2013-08-21 First published in 2010 Routledge is an imprint of Taylor Francis an informal company

Populating the Future Britt Johanne Farstad, 2023-07-19 Speculative fiction opens doors for imagining beyond what is possible conventional or acceptable Speculative fiction has an acute ear for the social the scientific and for political developments and change all of which are prominent topics Reproduction and parenthood are pertinent social questions that are constantly renegotiated in various arenas By investigating representations of family making and reproduction in speculative fiction the research presented in *Populating the Future* Families and Reproduction in Speculative Fiction not only

adds to the field of speculative fiction scholarship but also contributes to the more general discussion about reproduction and parenting Speculative fiction operates as thought laboratories that make connections between discourses visible It highlights power structures that can be difficult to detach and represents difficult and abstract issues more concretely As such speculative fiction demonstrates the complex entanglement of reproduction with issues of gender power and agency By facilitating thought experiments and illustrating alternatives speculative fiction also enables the representation of new family structures and reproductive technologies thus paving the way for discussions about various practices and their possible consequences Due to its multidisciplinary approach this book will be of value to scholars and students of various disciplines such as literature studies philosophy ethics political science the social sciences and gender studies It will also be a useful resource in teacher training programmes as well as to a more general audience interested in speculative literature politics society gender and ethics

Morphologie G. E. Booij, Christian Lehmann, Joachim Mugdan, 2000 This series of HANDBOOKS OF LINGUISTICS AND COMMUNICATION SCIENCE is designed to illuminate a field which not only includes general linguistics and the study of linguistics as applied to specific languages but also covers those more recent areas which have developed from the increasing body of research into the manifold forms of communicative action and interaction For classic linguistics there appears to be a need for a review of the state of the art which will provide a reference base for the rapid advances in research undertaken from a variety of theoretical standpoints while in the more recent branches of

communication science the handbooks will give researchers both an overview and orientation To attain these objectives the series will aim for a standard comparable to that of the leading handbooks in other disciplines and to this end will strive for comprehensiveness theoretical explicitness reliable documentation of data and findings and up to date methodology The editors both of the series and of the individual volumes and the individual contributors are committed to this aim The languages of publication are English German and French The main aim of the series is to provide an appropriate account of the state of the art in the various areas of linguistics and communication science covered by each of the various handbooks however no inflexible pre set limits will be imposed on the scope of each volume The series is open ended and can thus take account of further developments in the field This conception coupled with the necessity of allowing adequate time for each volume to be prepared with the necessary care means that there is no set time table for the publication of the whole series Each volume will be a self contained work complete in itself The order in which the handbooks are published does not imply any rank ordering but is determined by the way in which the series is organized the editor of the whole series enlist a competent editor for each individual volume Once the principal editor for a volume has been found he or she then has a completely free hand in the choice of co editors and contributors The editors plan each volume independently of the others being governed only by general formal principles The series editor only intervene where questions of delineation between individual volumes are concerned It is felt that this modus operandi is best suited to achieving the objectives of the series namely to give a competent account of the present state of knowledge and of the perception of the problems in the area covered by each volume

Conceptualising China through translation James St. André, 2023-11-07 This monograph provides an innovative methodology for investigating how China has been conceptualised historically by tracing the development of four key cultural terms filial piety face fengshui and guanxi between English and Chinese It addresses how specific ideas about what constitutes the uniqueness of Chinese culture influence the ways users of these concepts think about China and themselves Adopting a combination of archival research and mining of electronic databases it documents how the translation process has been bound up in the production of new meaning In uncovering how both sides of the translation process stand to be transformed by it the study demonstrates the dialogic nature of translation and its potential contribution to cross cultural understanding It also aims to develop a foundation on which other area studies might build broader scholarship about global knowledge production and exchange
