Monster of God: The Man-Eating Predator in the Jungles of History and the Mind David Quammen, 2004-09-17 Rich detail and vivid anecdotes of adventure A treasure trove of exotic fact and hard thinking New York Times Book Review For millennia lions tigers and their man eating kin have kept our dark scary forests dark and scary and their predatory majesty has been the stuff of folklore But by the year 2150 big predators may only exist on the other side of glass barriers and chain link fences Their gradual disappearance is changing the very nature of our existence We no longer occupy an intermediate position on the food chain instead we survey it invulnerably from above so far above that we are in danger of forgetting that we even belong to an ecosystem Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign the award winning author of *The Song of the Dodo* and *The Tangled Tree* examines the fate of lions in India's Gir forest of saltwater crocodiles in northern Australia of brown bears in the mountains of Romania and of Siberian tigers in the Russian Far East In the poignant and troublesome ferocity of these embattled creatures we recognize something primeval deep within us something in danger of vanishing forever **Campbell's Foreign Monthly Magazine** ,1843 **Criminals, Idiots, Women, & Minors - Second Edition** Susan Hamilton, 2004-07-26 Pardon me I must seem to you so stupid Why is the property of the woman who commits Murder and the property of the woman who commits Matrimony dealt with alike by your law So ends the little allegory in conversational form with which Frances Power Cobbe opens the 1868 essay that gives this collection its title Cobbe was a widely read essayist of remarkable lucidity and power her pieces display incisive wit and remarkable focus as she returns repeatedly to the woman question but it was typical of the time that when Cobbe died she was described in the *Wellesley Index to Victorian periodicals* as a miscellaneous writer Cobbe was not alone as much as 15 per cent of the essays in Victorian periodicals were written by women yet even the best of these pieces were allowed by the male dominated world of scholarship to disappear from print This anthology makes available again some of the best Victorian writing by women The second edition has been revised and updated additions include a chronology and an essay by Frances Power Cobbe on the education of women **Marvellous Thieves** Paulo Lemos Horta, 2017-01-16 A fascinating work of cultural and literary history An insightful examination of the *Arabian Nights* and the fraught complexities of translation *Kirkus Reviews* Although many of its stories originated centuries ago in the Middle East the *Arabian Nights* is regarded as a classic of world literature by virtue of the seminal French and English translations produced in the eighteenth and nineteenth centuries Supporting the suspicion that the story collection is more Parisian than Persian some of its most famous tales including the stories of Aladdin and Ali Baba appear nowhere in the original sources Yet as befits a world where magic lamps may conceal a jinni and fabulous treasures lie just beyond secret doors the truth of the *Arabian Nights* is richer than standard criticism suggests *Marvellous Thieves* which draws on hitherto neglected sources is a brilliant fluent and original work of literary scholarship *Robert Irwin Literary Review* This fine book cogently probes an influential period in the knotted

and at times sordid history of the Arabian Nights serving as a fine example to those unraveling this promiscuous and forever malleable set of stories Charles Shafaieh Wall Street Journal Intelligent and engrossing The great merit of Horta's book is that its interest always lies in the story of the story in mapping out the complex network of the translators editors and travellers behind the Arabian Nights in ways that enrich our sense of this remarkable text Shahidha Bari Times Higher Education

International Sport: A Bibliography, 1995-1999 Richard William Cox, 2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new
