Scriptures The Last Twelve Verses According to the Gospel of Mark shows that over 2 000 manuscripts and as many Greek lectionaries contain these verses without any brackets or doubting footnotes Did you know that except for the NKJV MKJV LITV the nine other major new versions have bracketed the last 12 verses of Mark or in a footnote indicated that they do not believe they are authentic WHY It s a mystery There are only three 3 Greek manuscripts that do not have these verses And in 200 pages of proofs Burgon shows that those two are so edited at the place where these verses belong that anyone can see the scribes were looking at these verses in the older mss they were copying As Dr Gordon H Clark wrote If a version brackets these verses then you know that they are not going by the evidence The Revision Revised is a Critique of the English Revised Version of 1881 with additional applications to the Modern Translations There is an excellent critique of the Westcott and Hort textualtheories Proof of the Genuineness of God Manifested in the Flesh contains an unanswered and unanswerable defense of 1 Timothy 3 16 The Woman Taken In Adultery gives a defense of the authenticity of John 7 53 8 11 Conflation and The Neutral Text by Edward Miller M A gives an additional critique of Dr Hort s theories Get this volume and arm yourself to fight for the God breathed words that God has preserved for you that you might have life and faith Every one of His words are precious We need not give up thousands of them

The Devil at Baptism H.A. Kelly, 2004-01-30 The Christian baptismal ceremony was at first quite simple by the beginning of the third century it included complex anti demonic rites Henry Ansgar Kelly here describes the evolution of the rites of baptism from New Testament times to the present day and explores the impact of demonological theories on Christian liturgy Kelly begins by identifying the nature and origins of the evil spirits that are referred to in the New Testament which proved to be major subjects of speculation and theological development by the Church Fathers He then traces the history both of Christian demonology and of the initiation rituals clearly illustrating their parallel evolution and their interaction In his analysis Kelly examines not only the direct expression of demonological theory in the original ceremonies but also the symbolic reinterpretation of theoretically untenable rituals into allegorical dramas An astute and ambitious work *The Devil at Baptism* covers all the anti demonic rites of the catechumenate and baptismal services and compares developments in East and West since the emergence of Christianity It will be essential reading for anyone interested in the development of Christian liturgy in particular and in the history of
