Francis-Baker, 2023-04-25 The Cottage Life reflects our collective desire to escape the chaos of modern existence to live with more purpose more compassion and more joy The Cottage Life is an essential guide to slow and simple living inspired by the magical world of cottagecore To follow the cottagecore aesthetic is to wear secondhand clothes that tell their own stories to bake fresh bread and cakes no matter how wonky the outcome to spend time in nature to observe and draw the plants to breathe fresh air and to connect with species beyond our own It is taking the time to notice the seasons change or to turn off your screen mindfully and pick up an old novel instead It is lighting a fire on the first cool night of autumn and sipping a fresh cup of tea by the fireplace or watching the first spring leaves unfurl after the long dark winter Celebrating the small joys in life from the first birdsong of the morning to the taste of ripe plums on a summer afternoon And above all else it is learning to slow down connect with the world around you and be a more compassionate conscientious citizen of the earth Each chapter explores different ways of embracing the cottagecore lifestyle such as interacting with nature eating seasonally and getting creative Inherently low impact and green cottagecore embraces reuse and recycling and celebrates an old fashioned no waste ethic Fortunately for most possession of a country cottage is not essential to embody the cottagecore
