Frog's New Neighbor Joshua T. Smith, 2010 *Frog's P.e* Joshua T. Smith, 2011 **The New Merry-go-round**, 1929
after the quake, 2009 We're in the land of loss but not lamentation Jackson's characters love and laugh dance and argue in a way that honors their bittersweet survival Tender emotions are much harder to achieve onstage than pathological ones it's a pleasure to see goodness The exiles whose tales of displacement are related here may be embodied by actors but you often feel that it's the people they are portraying who are demanding the courtesy of your attention How can you turn away This aura of fraught intimacy has been Spare Parts Plus Two Gail Scott, 2002 A welfare cheque floats down the river a cowboy spreads the Word of the Lord and crotches tick like clocks the world of Spare Parts is unpredictable evocative and vividly distorted Its initial appearance in 1981 caused a stir at a time when linear narrative was the mo of feminist writing Gail Scott had the nerve to fracture and dislocate her stories and her language Spare Parts is as vital as it was twenty years ago Scott's densely textured tales about the world of growing up female in a small town where violence lurks just beneath the skin recreate the uncertainty of life Their incantatory language and tough imagery are as relevant and crucial now as they were then This edition adds two new pieces including Bottoms Up an essay on narrative which first appeared on the Narrativity website Scott co-edits I Feel Better with a Frog in My Throat Carlyn Beccia, 2010-10-25 It wasn't too long ago that people tried all sorts of things to help sick people feel better They tried wild things like drinking a glass full of millipedes or putting some mustard on one's head Some of the cures worked and some of them well let's just say that millipedes living or dead are not meant to be ingested Carlyn Beccia takes readers on a colorful and funny medical mystery tour to discover that while times may have changed many of today's most reliable cure-alls have their roots in some very peculiar practices and so relevant connections can be drawn from what they did then to what we do now **The Net Warriors: Computecnic Book 1** Lindsey R Hall, 2023-04-28 Nic Granger didn't plan to save the world He just wanted to play The Three Kings of Orr online and defeat the Deceiver The Deceiver was the land of Orr's nastiest villain and had other ideas He escaped into the real world when the man who invented inter-reality chips actually made one work When Nic realises he has the chip that created the Deceiver an amazing journey begins through Orr the internet and the world of his own street With the help of best friend Frog younger sister Emily the knight Riddith and Princess Rhea The Net Warriors are born Follow their adventures to the End of Time as they try to find the Deceiver and put the worlds of reality and inter-reality back together before The Deceiver finds them and changes the world forever **The Case of the Gasping Garbage** Michele Torrey, 2012-04-03 Doyle and Fossey are on a mission a monster mission It seems there's a giant bloodsucking monster gasping and gurgling in their friend Gabby's garbage can Can they figure out what's up before the creature gobbles Gabby for lunch This and four more cool cases will have kids checking out the clues and learning great science too including facts about the life cycle of a frog and chromatography **Fallosophy** Ardra Shephard, 2025-03-04 A memoir based on columnist

fashion show TV host podcaster and MS advocate Ardra Shephard's award winning blog Tripping on Air Twenty three year old Ardra Shephard is sleeping with the wrong guy living in a crappy apartment and spending money she doesn't have on designer shoes boozy brunches and weekends in NYC She hates her office job but it pays for the lessons she needs to make it as an opera singer She isn't thrilled about her current situation but she isn't panicked She knows she's got time Making mistakes while you figure stuff out is what your twenties are all about But then when a doctor tells Ardra she has MS those two letters split her life into a Before and After While over a million people in Canada and the United States live with Multiple Sclerosis there is no certainty when it comes to the progression of the disease By her mid thirties Ardra is struggling to walk and it's terrifying When she starts using mobility aids she faces feelings of otherness and not belonging like never before As Ardra's deepest fears keep coming true she starts to learn the most important lesson She's been sold a lie about disability it isn't a fate worse than death Having so far survived all of her worst case scenarios she begins to realize that a difficult life doesn't have to be a joyless life Today twenty years after her diagnosis Ardra's journey isn't over MS will always be a force to be reckoned with but the woman Ardra is day after day is no longer negotiable Fallosophy serves up wisdom like a seasoned bartender who's seen it all and doesn't try to sugarcoat what it's really like to live with a progressive disabling illness in a world that would rather not build a ramp
