Ancient Israel in Egypt Daniel Tompsett, 2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all *Leaving Silence* Susannah Larry, 2021-08-03 MeToo ChurchToo GodToo What if survivors of sexualized violence experience the Bible as a powerful spiritual resource rather than an oppressive tool in the hands of those seeking to dismiss or justify abuse Bible scholar Susannah Larry leads fellow survivors and those who care for them in a journey toward reclaiming the Bible amid the trauma of sexualized violence *Leaving Silence Sexualized Violence the Bible and Standing with Survivors* is an unflinching examination of sexualized violence in the Bible and the God who stands steadfastly with survivors Larry addresses biblical experiences of coercion familial betrayal and self blame while also illuminating God's constant care and concern By centering the experiences of survivors in Scripture Larry opens new insights into some of the Bible's most difficult texts and releases its ancient stories to serve as a powerful healing witness to the God who has shared in the experience of sexualized violence Under Larry's skillful guidance readers will rediscover the God who is present in experiences of trauma and who desires ultimate wholeness for survivors *The Guardians of Eden* JD Firmage, M Hopffgarten, 2012-01-23 City of Akhetaten 1336 BC It is time for you to know what the oracle of Aten delivered unto your father at the hour of his final initiation For this will be yours to carry Dublin Ireland 2011 The bottom line is Daniel this isn't just another museum piece It is one of the greatest discoveries of this century perhaps even this millennium Akhenaten's stela not only tells us about a future event Its telling us when it will occur all that's left is to find the next breadcrumb some indication that the ancient king has returned since nothing else happens until he or she shows up Daniel Ive talked to my research lab in Paris about the results of the children's tests and if the analysis is accurate some brand new DNA and corresponding gene codes have been activated in both of them In layman terms the genetic chemistry of the children has changed significantly giving them highly unique abilities And according to the results it appears that the catalyst was Imagine a story co written by Dan Brown Bruce Lipton and J K

Rowling and you will have The Guardians of Eden Into Prophecy Follow this fast paced thriller as our young hero and his father stumble upon one of the most significant ancient prophecies and greatest threats ever to be exposed And meet the young ones that will eventually bring it to pass

Failed God John A. Rush,2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark s Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an Amanita muscaria cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only Amanita muscaria but a plethora of mind altering substances Failed God Fractured Myth in a Fragile World re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus s simple message of human decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today s world

The Gods of Olympus Barbara Graziosi,2014-03-11 An elegant and entertaining account of the transformations of the Greek gods across the ages from antiquity to the Renaissance and the present day The gods of Olympus are the most colorful characters of Greek civilization even in antiquity they were said to be cruel oversexed mad or just plain silly Yet for all their foibles and flaws they proved to be tough survivors far outlasting classical Greece itself In Egypt the Olympian gods claimed to have given birth to pharaohs in Rome they led respectable citizens into orgiastic rituals of drink and sex Under Christianity and Islam they survived as demons allegories and planets and in the Renaissance they triumphantly emerged as ambassadors of a new secular belief in humanity Their geographic range too has been little short of astounding in their exile the gods and goddesses of Olympus have traveled east to the walls of cave temples in China and west to colonize the Americas They snuck into Italian cathedrals haunted Nietzsche and visited Borges in his restless dreams In a lively original history Barbara Graziosi offers the first account to trace the wanderings of these protean deities through the millennia Drawing on a wide range of literary and archaeological sources The Gods of Olympus opens a new window on the ancient world religion mythology and its lasting influence

The Book of the Pharaohs

Pascal Vernus, Jean Yoyotte, 2003 The names of ancient Egyptian kings such as Cheops Akhenaten and Ramesses II have become part of popular culture Yet for all the tombs and statuary that have survived over the millennia surprisingly little remains that speaks to the workings of government cabals in the palace political factions and the private lives of the royal families In *The Book of the Pharaohs* Pascal Vernus and Jean Yoyotte offer an indispensable basic reference to the full human reality of royal Egypt *The Book of the Pharaohs* is an encyclopedia made up of short essays on the pharaohs themselves as well as on places dynasties personages subjects and themes relating to the kings and their rule Entries range from Adoratrices priestesses of Hathor the Egyptian Aphrodite whose role was to arouse the erotic impulse in the creator gods and Amarna the capital created by the heretic pharaoh Akhenaten to Scorpion who ruled before the unification of Upper and Lower Egypt and Zero Dynasty the designation for pre pharaonic Egypt In addition Vernus and Yoyotte include a substantial essay on the sources for Egyptian history a bibliography of books for general readers and a chronological table that organizes the major periods of Egyptian history and notes the most illustrious royal names from each **Pharaohs** Dr Phyllis G Jestice, 2024-01-20 Carefully researched superbly entertaining and illustrated throughout with more than 180 photographs and artworks *Pharaohs* is an accessible history of the kings and queens who ruled Ancient Egypt for more than 4 000 years

Najovits,2003 A French specialist in systems of religious belief recounts his exploration of the Egyptian patrimony society from 3100 BC to AD 395 The first volume looks at the matrix from which the Egyptian religion political system and contexts emerged **Ancient Near Eastern History and Culture** William H. Stiebing Jr.,2016-07-01 This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage Organized by the periods kingdoms and empires generally used in Near Eastern political history the text interlaces social and cultural history with the political narrative This combination allows students to get a rounded introduction to the subject of Ancient Near Eastern history An emphasis on problems and areas of uncertainty helps students understand how evidence is used to create interpretations and allows them to realize that several different interpretations of the same evidence are possible This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage Religion, Power, and Illusion Patrick J Hurley,2022-12-07 According to anthropologists religion arose in the Neolithic period a time that began 12 thousand years ago when people abandoned the hunter gatherer lifestyle and started settling down in communities By the time of the ancient Egyptians religion had reached a significant level of development The spirits of the seeds and the weather had evolved into gods In the end the gods numbered more than a thousand every god required a temple and every temple needed a priest or several of them Following the death of Jesus for the Christian god to reach its final form took an additional three hundred years It was accomplished through the work of dozens of bishops who wrestled with the problem of how a god consisting of three persons could really be one entity Religious orthodoxy as we know it today is the result of the countless solutions proposed by priests not the result of divinely inspired texts or teachings with various bishops condemning some proposals as heretical and blessing others as conventional But how were orthodoxy and heresy distinguished Any position that increased the power of the bishops was by definition orthodox and any position that undermined it was heretical Thus the Christian god that we have today is a construct assembled over many years and for two thousand years it has served to augment and solidify the power of the bishops who created it and who sustain it Religion Power Illusion concludes that priestly power is so firmly rooted in the human condition that religion is not likely to disappear any time soon It also explores the defective logic used by religious promoters and what is necessary for experiences to be non illusory **The Holy Books of Judaism** Louis Ginzberg,Heinrich Graetz,Judah Halevi,Moses Maimonides,Samuel Rapaport,Simeon Singer,Nurho de Manhar,Abraham Cohen,2023-12-22 The collection titled The Holy Books of Judaism is a
