Philippines Julius C. Martinez,Isabel Pefianco Martin,2025-09-30 This handbook serves as a comprehensive resource on
 English language education in the Philippines addressing a wide range of issues including ideologies multilingualism
 identities policies methodologies assessment teacher education and curriculum Chapters cover a range of educational
 contexts from Luzon to Mindanao islands from basic to higher education and from formal to non formal schooling This book
 upholds the think and do otherwise perspective by problematizing contemporary paradigms and practices that operate from
 naturalized ideas inherited from the American colonizers This includes repairing pedagogies that redress injustices
 experienced by historically marginalized groups and hoping for possibilities and approaches to teaching and learning English
 that are just equitable and inclusive The six sections in the Handbook bring up conditions for thinking and doing otherwise
 pointing to ways in which genuine changes can start to happen Scholars from diverse backgrounds come together in this
 handbook to take collective ownership of English language education in the Philippines This ownership does not mean
 ignoring and disposing of the country s colonial past but reclaiming English language education as an ongoing project
 instead This handbook likewise demonstrates that such a project makes it possible for wider audiences to see that Global
 South scholars from and in the Philippines also have much to teach the rest of the world about thinking and doing otherwise
 and by extension problematizing repairing and hoping Given its scope and breadth the handbook is an invaluable reference
 for students pre service and in service teachers teacher educators researchers and policymakers interested in English
