KANTIAN AND UTILITARIAN VIEWS ON ABORTION

LO: To explore the Kantian and Utilitarian views on abortion.

SUCCESS

- To consider what Kantian and Utilitarianism say on the topic of abortion.
- To compare and contrast the two ethical theories on the topic of abortion.
- To evaluate the Kantian and Utilitarian views on abortion.

Kantian Ethics On Abortion

Robert A. Bowie

Kantian Ethics On Abortion:

Kantian Ethics, Dignity and Perfection Paul Formosa, 2017-08-10 A clear and original perspective on Kantian ethics that focuses on the dignity vulnerability and perfectibility of human rational agency **Kantian Perspectives on Issues in Ethics and Bioethics** Lina Papadaki, 2019-05-07 This book provides an analysis of major ethical and bioethical issues like euthanasia suicide organ commerce and donation sexual objectification and abortion from the perspective of Kant's moral theory It deals with questions such as Is the person who decides to commit suicide autonomous Is euthanasia compatible with respect for humanity and dignity Can a person's choice to sell one of her kidneys be free Does the prostitute reduce herself to a mere sexual object through satisfying her clients desires Can the fetus potential for rational agency constitute an argument against abortion Without doubt Kant's is one of the most important moral theories The task of applying it to issues that concern us today leaves us with a sense of satisfaction that it has a lot to offer to contemporary philosophical thought

Kant and Applied Ethics Matthew C. Altman, 2014-08-11 Kant and Applied Ethics makes an important contribution to Kant scholarship illuminating the vital moral parameters of key ethical debates Offers a critical analysis of Kant's ethics interrogating the theoretical bases of his theory and evaluating their strengths and weaknesses Examines the controversies surrounding the most important ethical discussions taking place today including abortion the death penalty and same sex marriage Joins innovative thinkers in contemporary Kantian scholarship including Christine Korsgaard Allen Wood and Barbara Herman in taking Kant's philosophy in new and interesting directions Clarifies Kant's legacy for applied ethics helping us to understand how these debates have been structured historically and providing us with the philosophical tools to address them **Understanding Kant's Ethics** Michael Cholbi, 2016-11-17 A systematic guide to Kant's ethical work and the debates surrounding it accessible to students and specialists alike Kantian Ethics Almost without Apology Marcia W. Baron, 2018-10-18 A reappraisal on the emphasis on duty in Immanuel Kant's ethics is long overdue Marcia W. Baron evaluates and for the most part defends Kantian ethics against two frequent criticisms that duty plays too large a role leaving no room for the supererogatory and that Kant places too much value on acting from duty The author first argues that Kant's distinction between perfect and imperfect duties provides a plausible and intriguing alternative to contemporary approaches to charity self sacrifice heroism and saintliness She probes the differences between the supererogationist and the Kantian exploring the motivation between the former's position and bringing to light sharply divided views on the nature of moral constraint and excellence Baron then confronts problems associated with Kant's account of moral motivation she argues that the value that Kant attaches to acting from duty attaches primarily to governing one's conduct by a commitment to doing what morality asks Thus understood Kant's ethics steers clear of the most serious criticism Of special interest is her discussion of overdetermination Clearly written and cogently argued Kantian Ethics Almost without Apology takes on the most philosophically intriguing challenges to Kantian ethics and subjects them to a rigorous yet sympathetic assessment

Readers will find here original contributions to the debate over impartial morality **Autonomy and Community** Jane Kneller, Sidney Axinn, 1998-01-01 Shows how Kant's basic position applies to and clarifies present day problems of war race abortion capital punishment labor relations the environment and marriage **AS/A2 Philosophy of Religion and Religious Ethics for OCR** Robert A. Bowie, 2004 This title written by Robert A Bowie has been developed in consultation with OCR examiners to ensure that the materials is as effective for the specification as possible **Ethics in Health Services and Policy** Dean M. Harris, 2011-03-03 This comprehensive textbook analyzes the ethical issues of health and health care in global perspective Ideal for students of public health medicine nursing and allied health professions public policy and ethics the book helps students in all these areas to develop important competencies in their chosen fields Applying a comparative or multicultural approach the book compares different perspectives on ethical issues in various countries and cultures such as informed consent withholding or withdrawing treatment physician assisted suicide reproductive health issues research with human subjects the right to health care rationing of limited resources and health system reform Applying a transnational or cross border approach the book analyzes ethical issues that arise from the movement of patients and health professionals across national borders such as medical tourism and transplant tourism ethical obligations to provide care for undocumented aliens and the brain drain of health professionals from developing countries Comprehensive in scope the book includes selected readings which provide diverse perspectives of people from different countries and cultures in their own words Each chapter contains an introductory section centered on a specific topic and explores the different ways in which the topic is viewed around the globe Ethics in Health Services and Policy is designed to promote student participation and offers methods of activity based learning including factual scenarios for analysis and discussion of specific ethical issues **AQA Religious Ethics for AS and A2** Jill Oliphant, 2011-03-17 Structured directly around the specification of the AQA this is the definitive textbook for students of Advanced Subsidiary or Advanced Level courses It covers all the necessary topics for Religious Ethics in an enjoyable student friendly fashion Each chapter includes a list of key issues AQA specification checklist explanations of key terminology helpful summaries self test review questions exam practice questions To maximise students chances of exam success the book contains a section dedicated to answering examination questions It comes complete with lively illustrations a comprehensive glossary full bibliography and a companion website **OCR Religious Ethics for AS and A2** Jill Oliphant, 2014-06-27 Structured directly around the specification of the OCR this is the definitive textbook for students of Advanced Subsidiary or Advanced Level courses The updated third edition covers all the necessary topics for Religious Ethics in an enjoyable student friendly fashion Each chapter includes a list of key issues OCR specification checklist explanations of key terminology overviews of key scholars and theories self test review questions exam practice questions To maximise students chances of success the book contains a section dedicated to answering examination questions It comes complete with diagrams and tables lively illustrations a comprehensive glossary

and full bibliography Additional resources are available via the companion website **Sex, Love, and Gender** Helga Varden,2020-05-27 Sex Love and Gender is the first volume to present a comprehensive philosophical theory that brings together all of Kant's practical philosophy found across his works on ethics justice anthropology history and religion and provide a critique of emotionally healthy and morally permissible sexual loving gendered being By rethinking Kant's work on human nature and making space for sex love and gender within his moral accounts of freedom the book shows how despite his austere and even anti sex cisist sexist and heterosexist reputation Kant's writings on happiness and virtue Part I and right Part II in fact yield fertile philosophical ground on which we can explore specific contemporary issues such as abortion sexual orientation sexual or gendered identity marriage trade in sexual services and sex or gender based oppression Indeed Kant's philosophy provides us with resources to appreciate and value the diversity of human ways of loving and the existential importance of our embodied social selves Structured on a thematic basis with introductions to assist those new to Kant's philosophy this book will be a valuable resource for anyone who cares about these issues and wants to make sense of them

My Revision Notes: OCR AS Religious Studies: Religious Ethics Jill Oliphant,2013-02-22 Unlock your full potential with this revision guide which provides both the key content you need to know and guidance on how to apply it for better grades My Revision Notes OCR AS Religious Studies Religious Ethics helps you to stay motivated and focused during your revision and gives you the opportunity to practise and refine your skills to achieve the best grade in your exam Breaks down all topics into short sections easy to read and revise from Exam style practice questions help confidence with the exam Concise notes clear layout and colourful features keep you engaged You can check your learning with the test yourself questions and tick box design

Privacy, Security and Accountability Adam D. Moore,2015-12-02 What is the appropriate balance between privacy security and accountability What do we owe each other in terms of information sharing and access Why is privacy valuable and is it more or less important than other values like security or free speech Is Edward Snowden a hero or villain Within democratic societies privacy security and accountability are seen as important values that must be balanced appropriately If there is too much privacy then there may be too little accountability and more alarmingly too little security On the other hand where there is too little privacy individuals may not have the space to grow experiment and engage in practices not generally accepted by the majority Moreover allowing overly limited control over access to and uses of private places and information may itself be a threat to security By clarifying the moral legal and social foundations of privacy security and accountability this book helps determine the appropriate balance between these contested values Twelve specially commissioned essays provide the ideal resource for students and academics in information and applied ethics

The Ethics of Abortion Robert M. Baird,Stuart E. Rosenbaum,2001 Twenty four essays and four excerpts from important Supreme Court decisions present information on the history of abortion before Roe vs Wade the issue of abandoned infants and abortion in relation to feminism Christianity and the Constitution Kant's Ethical Thought Allen W.

Wood,1999-08-28 A major new study of Kant's ethics

New Perspectives in Philosophy of Education David

Lewin,Alexandre Guilherme,Morgan White,2014-10-23 New Perspectives in Philosophy of Education seeks to build a bridge between philosophical reflection and socio political action by developing a range of critical discussions in the areas of ethics politics and religion This volume brings together established authorities and a new generation of scholars to ask whether philosophy of education can contribute to political and social discourse or whether it is destined to remain the marginal gadfly of mainstream ideology The philosophy of education stands in danger of becoming a neglected field at precisely the moment we need to be able to reflect upon the increasingly apparent costs of the technocratic attitude to education While many of the educational policy discussions of recent years seem far reaching and radical critical debate surrounding these initiatives remain largely at a populist level New Perspectives in Philosophy of Education provides contemporary responses to philosophical issues that bear upon educational studies policies and practices contributing to the debate on the role of philosophy of education in an increasingly fractured intellectual milieu

Pro-Life, Pro-Choice Bertha

Manninen,2014-07-01 In this provocative and accessible book the author defends a pro choice perspective but also takes seriously pro life concerns about the moral value of the human fetus questioning whether a fetus is nothing more than mere tissue She examines the legal status of the fetus in the recent Personhood Amendments in state legislatures and in Supreme Court decisions and asks whether Roe v Wade should have focused on the viability of the fetus or on the bodily integrity of the woman Manninen approaches the abortion controversy through a variety of perspectives and ethical frameworks She addresses the social circumstances that influence many women's decision to abort and considers whether we believe that there are good and bad reasons to abort Manninen also looks at the call for post abortion fetal grieving rituals for women who desire them and the attempt to make room in the pro choice position for the views of prospective fathers The author spells out how the two sides demonize each other and proposes ways to find degrees of convergence between the seemingly intractable positions

Cutting Through the Surface ,2009-01-01 This book examines the role of philosophy and philosophers in bioethics Academics often see bioethical studies as too practical while decision makers tend to see them as too theoretical The purpose of this collection of new essays by an international group of distinguished scholars is to explore the troubled relationship between theory and practice in the ethical assessment of medicine health care and new medical and genetic technologies The book is divided into six parts In the first part philosophers consider the definition of bioethics the nature of applied ethics more generally and the possibility of combining utilitarian and liberal strands of thinking in moral and political studies In the second part authors discuss the place and justification of principles in bioethics and the significance of medical and nursing experience in moral decision making The third part addresses the complementary or contradictory as the case may be principles of dignity autonomy precaution and solidarity and their use in theoretical and practical settings In the fourth part public health measures and experimental research are defended against traditional moral

concerns Part five scrutinizes parental responsibilities in bearing and rearing children especially the reasons for and against human reproduction in individual cases In part six enhancements to human nature by various means are analyzed Following in the footsteps of four previous collections in the Values in Bioethics special series by the same editorial team Scratching the Surface of Bioethics Bioethics and Social Reality Ethics in Biomedical Research and Arguments and Analysis in Bioethics this book compiled in honor of Professor Matti Häyry's 50th birthday drills into the core of the discipline to show the philosophical depths that lie under the polished surface of policy driven everyday bioethics **Applying Ethics** Vincent E. Barry, 1982

Practical Kantian Ethics Donald Wilson, 2025-04-24 Reversing the usual order of interpretation Donald Wilson reinterprets Kant's moral theory through his later practical works offering a new inner freedom account informing obscure aspects of Kant's formal moral philosophy and the practical focus of ideals of proper respect This account transcends the narrow rational asceticism often associated with Kant's view embedding morality in our humanity recognizing the vital role of emotion in moral life and prioritizing framing moral commitments and questions of character over obedience to formal rules In doing so it makes community and collective and individual judgment essential in giving content to ideals of practical respect creating important space for moral disagreement and growth Focused on the integration of diverse norms and the lived experience of morality Wilson's account affords Kantians a nuanced understanding of the relationship between moral and personal life and everyday norms of fidelity non violence rescue and care capable of guiding ordinary moral judgement and informing deliberation in hard cases where different grounds of obligation conflict It is essential reading for anyone working on Kant's moral philosophy today

Eventually, you will agreed discover a other experience and capability by spending more cash. nevertheless when? realize you take that you require to get those all needs in imitation of having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more approximately the globe, experience, some places, once history, amusement, and a lot more?

It is your certainly own epoch to play in reviewing habit. in the midst of guides you could enjoy now is **Kantian Ethics On Abortion** below.
