Introduction to Maternity & Pediatric Nursing - E-Book Gloria Leifer,2013-11-28 Part of the popular LPN Threads series

Introduction to Maternity Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy to follow organization by developmental stages, discussion of disorders by body system from simple to complex and health to illness and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear concise style by Gloria Leifer MA RN, this edition reflects the current NCLEX test plan with additional material on safety, health promotion, nutrition and related psychosocial care. Cultural Considerations boxes and a Cultural Assessment Data Collection Tool help in developing individualized plans of care. Updated health promotion content includes Health Promotion boxes focusing on preventive strategies for achieving prenatal wellness, health during pregnancy, postnatal health and pediatric illness prevention and wellness including the complete immunization schedules for all ages. Nursing Tips provide information applying to the clinical setting. Objectives are listed in each chapter opener. Key terms include phonetic pronunciations and text page references at the beginning of each chapter. Nursing Care Plans with critical thinking questions help you understand how a care plan is developed, how to evaluate care of a patient and how to apply critical thinking skills. A companion Evolve website includes animations, videos, answers to review questions and answer guidelines for critical thinking questions, an English/Spanish audio glossary, critical thinking case studies and additional review questions for the NCLEX examination.

Introduction to Maternity and Pediatric Nursing Gloria Leifer, MA, RN, CNE, 2014-09-11. Part of the popular LPN Threads series, *Introduction to Maternity Pediatric Nursing* provides a solid foundation in obstetrics and pediatric nursing. An easy to follow organization by developmental stages, discussion of disorders by body system from simple to complex and health to illness and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear concise style by Gloria Leifer MA RN, this edition reflects the current NCLEX test plan with additional material on safety, health promotion, nutrition and related psychosocial care. It provides clinical information and insights in a concise, structured and informative way that encourages critical thinking. Reviewed by Kim Shrieves on behalf of Nursing Times April 2015. Concise yet comprehensive content is presented within the scope of practice for the LVN/LPN but with sufficient depth to facilitate students in a ladder program, allowing them to be successful with the ADN program requirements for the specialties. Step by step procedure lists throughout the text help you master important maternity and pediatric nursing processes with Skills Performance Checklists available on the Evolve website. Nursing Care Plans with Critical Thinking Questions reinforce the nursing process and strengthen problem solving skills as applied to maternity nursing. Logical organization of content from simple to complex and health to illness makes locating and accessing information easy. Key terms with phonetic pronunciations and text page references help improve terminology and language skills of English as a Second Language (ESL) students and students with limited proficiency in English before they enter clinical practice. Health Promotion boxes emphasize the importance of family centered care, health promotion and illness prevention, women's health issues and growth and development of child and parent to help you understand and teach.
