Maxime Le Confesseur:

Le monde et l'église selon Maxime le Confesseur Alain Riou, Marie-Joseph Le Guillou, 1993 Maxime le Confesseur Vasilios Karayiannis, 1993 La foi est un héritage des apôtres transmis par leurs successeurs dans l'Eglise et dont le contenu doit être sauvegardé intact Le devoir devant cette tradition de la foi fait dire saint Maxime Avant tout et pour tout soyons sobres et vigilants surveillant les attaques des voleurs afin que nous ne soyons pas dépouillés par eux gardons surtout le grand et le premier remède de notre salut je veux dire l'excellent héritage de la foi la confessant ouvertement dans le corps et dans l'âme comme les Pères nous ont instruits Lettre 12 PG 91 4651 Cette exhortation constitue le principe sur lequel saint Maxime base toute son attitude face aux dangers des attaques hérétiques contre la foi Prevoit-il de manière prophétique son cheminement vers la confession de la foi Saint Maxime le confesseur Maxime le Confesseur ((saint ;), *Verleiblichung und Synergie* Assaad Kattan, 2015-12-22 This volume examines the biblical hermeneutics of Maximus the Confessor 579 580 662 Although some aspects of the Confessor's hermeneutical approach had already been tackled a comprehensive analysis was still missing Accordingly this book fills a gap in Patristic studies The study consists of three chapters The first one deals with the logoi theory of Maximus being the ontological nucleus around which his whole theological thinking is organized The second chapter examines Maximus' understanding of mystical ascension Equipped with the ontological and mystical foundation the third chapter analyzes thoroughly the hermeneutics of Maximus as such attempting to show its coherence and rootedness in the general christological perspective of the Confessor This book will be of benefit not only for byzantinists and patrologists but also for biblical scholars interested in the history of hermeneutics and exegesis as well as for historians of philosophy and medieval ideas Byzantine Gospel Aidan Nichols OP, 2019-01-28 Maximus the Confessor 580 662 giant among early Byzantine theologians stands at the summit of the Greek patristic tradition He is spokesman of the Greek speaking East in something of the way Thomas Aquinas came to speak for the Latin West His extreme importance as a spiritual writer is evidenced by the huge space assigned to him in the Philokalia Believing in the intimate link between dogma and prayer Maximus opposed the heresies of his day with his own unmatched synthesis of Christian truth For this he was persecuted and mutilated and died in exile The modern rediscovery of Maximus begun by Western Christian scholars such as Vittorio Croce Pierre Piret Hans Urs von Balthasar Lars Thunberg and Juan Miguel Garrigues has led to an ever increasing use of his theology and insights by Orthodox and Catholic theologians throughout Europe and North America Maximus has also become a central point of reference in Catholic Orthodox dialogue Aidan Nichols has provided the English speaking reader with a reliable guide to the major studies on Maximus done in Europe in the past twenty five years the period of rediscovery He reads Maximus through the eyes of those who have studied him in depth and builds up a multifaceted portrait of this prince among theologians and a comprehensive overview of his theology his Byzantine Gospel Along with a brief biography and an account of the history of the relevant scholarship sufficient primary texts have been included to

convey a sense of Maximus powers both as a summarizer of the previous tradition and as an original theologian in his own right
