1545.1.1.4

Students will be able to identify consonants and vowels in words and use them to decode words. They will also be able to identify the sound of a word and use it to decode words. They will also be able to identify the meaning of a word and use it to decode words.

### Sight Words

Some words you know on sight. You see them so frequently, or often, you just know them. When you read them, you do not have to decode them.

|     |     |      |     |     |
|-----|-----|------|-----|-----|
| the | it  | you  | we  | not |
| but | get | much | any | dog |

### Decoding Words

Other words you do not know on sight. When you read them, you decide to decode them. To decode a word:

- link the sounds to the letters
- say the word aloud

You may find you know the word when you hear it.

### Consonants

Consonants are the letters b, c, d, f, g, h, j, k, l, m, n, p, q, r, s, t, v, w, x, and y. Sometimes y also tells us a consonant. Most of the letters of the alphabet are consonants.

Each consonant has its own sound. The sound is the same no matter where the letter appears in the word.
