Brydon, 2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public's beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher's narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful **CliffsNotes on Wiesel's Night** Maryam Riess, 1999-03-03 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background In CliffsNotes on Wiesel's Night you follow the humanistic first person account of a teenage boy's incarceration by the Nazi Secret Service in World War II his experiences in the Auschwitz and Buchenwald death camps and his struggle to find meaning among the horror Covering little more than a year of the young narrator's life this study guide shares a story about endurance loyalty and faith all nurtured by the strength of love Other features that help you figure out this important work include Life and background of the author Dr Elie Wiesel A list of characters A historical timeline of Nazi Germany A review section that tests your knowledge and suggests essay topics A selected bibliography that leads you to more great resources Classic literature or modern day treasure you'll understand it all with expert information and insight from CliffsNotes study guides **Elie Wiesel and the Art of Storytelling** Rosemary Horowitz, 2014-11-01 Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism From his landmark memoir Night to his novels and numerous retellings of Hasidic legends Wiesel's literature emphasizes storytelling and he frequently refers to himself as a storyteller rather than an author or historian In this work essays examine Wiesel's roots in Jewish storytelling traditions influences from religious folk and secular sources education Yiddish background Holocaust experience and writing style Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences [One Long Night](#)

Andrea Pitzer, 2017-09-19 A groundbreaking haunting and profoundly moving history of modernity's greatest tragedy: concentration camps. For over 100 years at least one concentration camp has existed somewhere on Earth. First used as battlefield strategy, camps have evolved with each passing decade in the scope of their effects and the savage practicality with which governments have employed them. Even in the twenty-first century as we continue to reckon with the magnitude and horror of the Holocaust, history tells us we have broken our own solemn promise of never again. In this harrowing work based on archival records and interviews during travel to four continents, Andrea Pitzer reveals for the first time the chronological and geopolitical history of concentration camps. Beginning with 1890s Cuba, she pinpoints concentration camps around the world and across decades. From the Philippines and Southern Africa in the early twentieth century to the Soviet Gulag and detention camps in China and North Korea during the Cold War, camp systems have been used as tools for civilian relocation and political repression. Often justified as a measure to protect a nation or even the interned groups themselves, camps have instead served as brutal and dehumanizing sites that have claimed the lives of millions. Drawing from exclusive testimony, landmark historical scholarship, and stunning research, Andrea Pitzer unearths the roots of this appalling phenomenon, exploring and exposing the staggering toll of the camps, our greatest atrocities, the extraordinary survivors, and even the intimate quiet moments that have also been part of camp life during the past century. Maxine Lowy, 2022-04-14 Generations of marginalized Jewish immigrants and refugees migrated to Chile during the first half of the twentieth century only to live through persecution during Pinochet's military coup. Maxine Lowy asks how individuals and institutions may overcome fear, indifference, and convenience to take a stand even under intense political duress. *The Jewish Diaspora in Latin America and the Caribbean*. Kristin Ruggiero, 2010-04-07 Provides a view of Jewish experiences through history, literature, painting, anthropology, poetry, sociology, and politics. This title explores and celebrates what it means to have and live memories of an individual and a collective Jewishness and reveals the historical fragments of the Jewish experience in Latin America and the Caribbean. *God, Pandemics, and the Holocaust*. Clifford Chalmers Cain, 2025-02-11 How is a loving, powerful, good, and cognizant God related to human lives that are beset with pain and suffering and plagued by diseases and natural catastrophes? What is the role and activity of God in history and nature? How does God help us in our struggles and our tragedies? *God, Pandemics, and the Holocaust* suggests answers to these questions and others through the prisms of the bubonic plague, the Spanish flu, COVID-19, and the attempted genocide of the Jewish people in the Holocaust. Religious insights from these time periods are noted, and additional and alternative points of view are also considered. The existence of God is not examined; what is explored is the kind of God who God is. What conceptions of God are no longer satisfactory to human experience and what understandings of God can make sense in a world that is both wonderful and woeful. **Afterimage**. Long Night's Journey into Day Alice L. Eckardt,A. Roy Eckardt,Irving Greenberg,Franklin H. Littell,2016-11-08 Long Night s Journey Into Day is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought To Jews the Holocaust is the most terrible happening in their history but it must also be seen as a Christian event The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust examining such issues as the relation between human and demonic culpability the charge of God s guilt and the reality of forgiveness They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils This enlarged and revised edition takes into account new topics and developments including the issue of Austrian responsibility for the Holocaust the significance and aftermath of Bitburg and antisemitism in German feminism More detailed attention is also given to other modern genocides and occasions of humanly caused mass death Additional literary historical and religious works are considered and appropriate quotations incorporated The new edition also includes a revised preface an updated bibliography and two new appendices
