

Cover sewing table

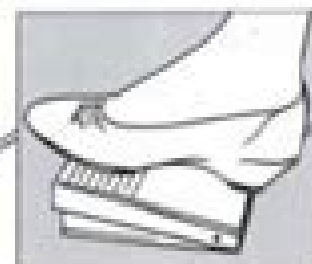

- 21 I remove the top cover and the cover from the packing and make carefully how the foot control and cover are stored safely and
- 22 How to replace the cover on the machine when I have finished sewing.
It can also be used as a sewing table— see page 26

IMPORTANT

Follow carefully the «**Safety instructions**» given on page 42— in the manual to avoid the risk of burning and not or receiving an electric shock.

Getting to know my Elna Computer

Main parts

1 Sewing foot

If I wish to change the foot

- 21 → I raise 5 and press the lever.
- 22 → I then place the other foot (point under the foot support and lower it).
→ The foot automatically snaps into place.
(If necessary, I press the foot).

2 Needle system 130/705M

I should change the needle immediately if it is bent or torn.
I hold the needle with the flat side to the rear against my index finger and push it up into the needle clamp as far as it will go. I tighten the screw firmly— see also page 32.

- 3 Light is on, 12 V max. Input 5 W
- 4 Threader icon
- 5 Thread take-up lever
- 6 Button window with switch

- 7 Handly and speed up
- 8 Sewing programmes + display keyboard— see inside rear cover
- 9 Specification plate
I make sure that the voltage is the same as that which is marked on the light bulb in my home.
If this is not the case, I do not plug in the machine, but contact my Elna dealer.

- 10 Main safety switch
- 11 Sewing programme using touchless operation, only for Elna 8000, see page 37
- 12 Main connection: push the plug right in.
- 13 Foot control
I turn it on and off by simply pulling it out. To set it up again, I insert my finger in the opening provided and «walk» it.
I pressed the foot control, making sure that the plug is pushed all the way in.
I push my whole foot down on the foot control (and not just the tip of my foot).

- 14 Foot arm
- 15 Rotary hook cover— button
- 16 Sliding lever (at the rear of the elevated sewing surface) for dropping the foot dog, sewing of free hand embroidery
- 17 Cloth presser bar lever for raising or lowering the foot

Warning

When working close to the needle, be very careful not to prick your fingers.
