Bedtime Stories for Grown-ups Ben Holden, 2016-10-06 There are few more precious routines than that of the bedtime story So why do we discard this invaluable ritual as grown ups to the detriment of our well being and good health In this groundbreaking anthology Ben Holden editor of the bestselling Poems That Make Grown Men Cry challenges how we think about life a third of which is spent asleep He deftly explores not only the science of sleep but also why we endlessly tell stories even to ourselves as we dream Holden combines his own illuminating storytelling with a treasure trove of timeless classics and contemporary gems Poems and short stories fairy tales and fables reveries and nocturnes from William Shakespeare to Haruki Murakami Charles Dickens to Roald Dahl Rabindranath Tagore to Nora Ephron Vladimir Nabokov to Neil Gaiman are all woven together to replicate the journey of a single night s sleep Some of today s greatest storytellers reveal their choice of the ideal grown up bedtime story writers such as Margaret Drabble Ken Follett Tessa Hadley Robert Macfarlane Patrick Ness Tony Robinson and Warsan Shire Fold away your laptop and shut down your mobile phone Curl up and crash out with the ultimate bedside book one you ll return to again and again Full of laughter and tears moonlight and magic Bedtime Stories for Grown ups joyfully provides the dream way to end the day and begin the night The Grown-Ups Nicholas Kelly, 2014-05-27 Exciting new work dissecting the thirty something preoccupation with status Very much a play of our times The Grown Ups is a gripping examination of the way we live now and the thirty something preoccupation with status materialism and what it really means to be a grown up in contemporary Ireland You ve no money no career no substance You re renting these days people think there s something wrong with you Alan and Nicola are a couple desperate to keep pace with the boom time However when Alan s sister Amy is involved in a scandal Alan finds himself questioning his values and wondering if success can truly be measured by money ambition and material gain The Grown Ups is a modern day thriller that has at its heart the malaise of a society seduced by extravagance The play received its world premiere at the Abbey Theatre s Peacock Theatre Dublin on 10 February 2006 *Drug Use for Grown-Ups* Dr. Carl L. Hart, 2022-01-11 Hart s argument that we need to drastically revise our current view of illegal drugs is both powerful and timely when it comes to the legacy of this country s war on drugs we should all share his outrage The New York Times Book Review From one of the world s foremost experts on the subject a powerful argument that the greatest damage from drugs flows from their being illegal and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr Carl L Hart Ziff Professor at Columbia University and former chair of the Department of Psychology is one of the world s preeminent experts on the effects of so called recreational drugs on the human mind and body Dr Hart is open about the fact that he uses drugs

himself in a happy balance with the rest of his full and productive life as a researcher and professor husband father and friend In *Drug Use for Grown Ups* he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use not drugs themselves have been a tremendous scourge on America not least in reinforcing this country's enduring structural racism Dr Hart did not always have this view He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine His initial work as a researcher was aimed at proving that drug use caused bad outcomes But one problem kept cropping up the evidence from his research did not support his hypothesis From inside the massively well funded research arm of the American war on drugs he saw how the facts did not support the ideology The truth was dismissed and distorted in order to keep fear and outrage stoked the funds rolling in and Black and brown bodies behind bars *Drug Use for Grown Ups* will be controversial to be sure the propaganda war Dr Hart argues has been tremendously effective Imagine if the only subject of any discussion about driving automobiles was fatal car crashes *Drug Use for Grown Ups* offers a radically different vision when used responsibly drugs can enrich and enhance our lives We have a long way to go but the vital conversation this book will generate is an extraordinarily important step
