consensus and limited by the risk of constitutional crisis What is to be achieved in the warzone must also be possible in Washington D C Bush risked losing public esteem and courted political ruin by refusing to disengage from the costly war in Iraq The Last Card is a portrait of leadership firm and daring if flawed in the Bush White House The personal perspectives from men and women who served at the White House Foggy Bottom the Pentagon and in Baghdad are complemented by critical assessments written by leading scholars in the field of international security Taken together the candid interviews and probing essays are a first draft of the history of the surge and new chapter in the history of the American presidency
