Approche holistique pour bâtir une startup solide

The Lean Startup Eric Ries, 2011-09-13 Most startups fail But many of those failures are preventable The Lean Startup is a new approach being adopted across the globe changing the way companies are built and new products are launched Eric Ries defines a startup as an organization dedicated to creating something new under conditions of extreme uncertainty This is just as true for one person in a garage or a group of seasoned professionals in a Fortune 500 boardroom What they have in common is a mission to penetrate that fog of uncertainty to discover a successful path to a sustainable business The Lean Startup approach fosters companies that are both more capital efficient and that leverage human creativity more effectively Inspired by lessons from lean manufacturing it relies on validated learning rapid scientific experimentation as well as a number of counter intuitive practices that shorten product development cycles measure actual progress without resorting to vanity metrics and learn what customers really want It enables a company to shift directions with agility altering plans inch by inch minute by minute Rather than wasting time creating elaborate business plans The Lean Startup offers entrepreneurs in companies of all sizes a way to test their vision continuously to adapt and adjust before it's too late Ries provides a scientific approach to creating and managing successful startups in an age when companies need to innovate more than ever

The Lean Startup Eric Ries, 2011-10-06 THE INTERNATIONAL BESTSELLING SENSATION The Lean Startup changes everything Harvard Business Review Most new businesses fail But most of those failures are preventable The Lean Startup is a new approach to business that's being adopted around the world It is changing the way companies are built and new products are launched Essential reading for any ambitious entrepreneur The Lean Startup will teach you to identify what your customers really want You'll learn how to

test your vision continuously adapting and adjusting before it's too late With over a million copies sold across the globe now is your time to think Lean *The Lean Startup* Vocreo Publishing,2015-04-02 We know you're busy so we'll keep this short This summary of *The Lean Startup* written by Eric Ries is designed to give you the main ideas you need to know from this great book in the quickest format possible What You Will Learn How to manage and control a new startup How to use experiments to eliminate wasteful processes How to create a Minimum Viable Product How to use smart measurements to guarantee long term success How to change directions and adapt quickly in a fast paced competitive environment How to scale an incredibly efficient new business using growth engines and innovation Many more hacks and strategies to build a lean and profitable startup What Is Inside This Summary A comprehensive overview of the entire book Detailed summaries of each chapter Important and memorable quotes from each chapter A bulleted list of key takeaways from the book Excerpt from the summary of *The Lean Startup* The Lean Startup Method The Lean Startup is comprised of five principles which make up the majority of the book These principles include Entrepreneurs are everywhere Ries states that you don't have to be a business owner to be classified as an entrepreneur This means that entrepreneurs can be found everywhere in every sector of business and in companies of varying size Entrepreneurship is management A startup is more than just the product or service being sold If you think of a startup as an institution that constantly grows and changes based on the extreme uncertainty of the market you start to get the idea In fact Ries even suggests making the term entrepreneur a managerial job title filled by someone who is adept at reacting to market changes as they occur Validated Learning One of the major benefits to creating a startup is learning how to build a sustainable business In other words it's about more than just creating products making money and serving customers Build Measure Learn The fundamental idea behind every startup is to turn an idea into a product measure customer feedback and then decide whether to change course or persevere The Lean Startup method encourages accelerating this feedback loop as much as possible Innovation Accounting Measuring progress setting up milestones and learning how to prioritize tasks will help to improve entrepreneurial outcomes while holding innovators accountable This is accomplished using a new accounting method designed specifically for startups Many of these principles are ideas originally developed by Toyota a company which has spearheaded the lean manufacturing movement Ries has taken the time to apply many of these same principles to businesses of all sizes both startups and established companies The result of Ries' work is known as the Lean Startup methodology This book was written to welcome what Ries refers to as Management's Second Century Modern startups cannot rely on what has worked in the past Rather startups require a new set of tactics tactics that have been incorporated into the Lean Startup process These tactics will ensure the future success of entrepreneurs around the world *Summary and Analysis of The Lean Startup: How Today's Entrepreneurs Use Continuous Innovation to Create Radically Successful Businesses* Worth Books,2016-12-27 So much to read so little time Get the key points of *The Lean Startup* the bestseller about creativity efficiency and building a sustainable business Through successes

and failures with tech companies Eric Ries began to realize there was a better way to develop a startup Using his experiences as well as valuable lessons learned from other industries Ries identifies the difficulties a startup faces and how to build a more efficient and successful business In the end all of his advice comes down to saving the most important resource of all time This summary of that bestselling business book covers such topics as How to shorten project development cycles Validated learning and rapid scientific experimentation Measuring progress accurately Identifying your customers desires How to adapt to changing circumstances quickly With chapter by chapter overviews definitions of key terms context and analysis important quotes and other features this summary and analysis of The Lean Startup is intended to complement your reading experience and bring you closer to a great work of nonfiction
