

Proofreading Practise

There are many ways a person can behave a better student. Macewan University students are not an exception to this thing. A student can learn to read more effectively, write more good sounding, and organized himself better.

In addition, a student can read effectively more than before. This means that him/her can ask a friend or friends of him to help with the way they read. After, the student can try their friend's way. For example, that student can highlight important parts of the thing that helps him look quickly for stuff. The other ways are to circle words they don't know. This stuff can help.

Consequently, the person who is a bad writer, can, and should, try, at least to make writing stuff sound good, this will help a student get better points and passing is good for me. For example, write 'I am smart, instead of I think maybe I have well good intelligence.' This does help student pass.

Firstly, organise himself better. Use calendar. Put down dates and give marks on time.

I am done this essay. Read, write and organising. This is the way.
