## **Lend Me Your Ears Great Speeches In History:**

**Lend Me Your Ears** William Safire,1997 William Safire's invaluable and immensely entertaining *Lend Me Your Ears* established itself instantly as a classic treasury of the greatest speeches in human history. Selected with the instincts of a great speechwriter and language maven, arranged by theme and occasion, each deftly introduced and placed in context, the more than two hundred speeches in this compilation demonstrate the enduring power of human eloquence to inspire, to uplift, and to motivate. For this expanded edition, Safire has selected more than twenty new speeches by such figures as President Bill Clinton, Senator Robert Dole, General Colin Powell, Microsoft's Bill Gates, the Dalai Lama, Edward R. Murrow, Alistair Cooke, the Buddha, and the late Israeli Prime Minister Yitzhak Rabin. They prove that even in a digital age, the most forceful medium of communication is still the human voice speaking directly to the mind, heart, and soul. **Lend Me Your Ears 2e** Exp Cl

,1997 **Lend Me Your Ears** William Safire,2004-10-05 A compendium of more than two hundred classic and modern speeches includes Orson Welles eulogizing Darryl F. It is known in most countries of the world that lawyers are good orators, perhaps due to the nature of their profession. Barristers are known to address the court. Some of our world leaders, past and present, are great orators; it is, however, important to note that while not all of them were lawyers, they have delivered remarkable and memorable speeches to their respective nations. One of the qualities of a good leader is the ability to address the nation with good oratory skills. This book therefore explores the power and effect that words have on all of us. *Literacy and Learning in the Content Areas* Sharon Kane,2017-07-05 The 3rd Edition of *Literacy Learning in the Content Areas* helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping, webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content communities and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and, at the same time, help readers meet national content knowledge standards and benchmarks. *Not in Our Name* Jesse Stellato,2012-07-16 *Not in Our Name* collects and analyzes the most important

**Live from the Campaign Trail** Michael A. Cohen, 2011-02-01 As the country wades into the hotly contested 2008 presidential election season we look to the candidates' public pronouncements to gain an understanding of their platforms and to get a sense of the political direction our country might take over the course of the next four years Presidential campaign oratory has always inspired and incited voters In this collection of 27 pivotal campaign speeches Michael Cohen helps bring to life the speeches that defined and dramatized American politics over the last century From FDR's pledge for a New Deal to Nixon's legendary Checkers speech from Dan Quayle's attack on Murphy Brown to select speeches from this year's presidential race the stump speech has been the primary vehicle for candidates to share their political ambitions and ideals with the American people With supporting essays that set the scene and provide the appropriate context for understanding what was said how it was said and why Live from the Campaign Trail illustrates how campaign speeches have fundamentally shaped the way we think about American politics

*Dred Scott and the Dangers of a Political Court* Ethan Greenberg, 2010-08-01 Dred Scott exemplifies neither originalism nor aspirationalism gone wrong as many modern critics now argue Rather the Dred Scott Court erred chiefly because the majority gave in to the still relevant temptation to subordinate honest legal reasoning to the pursuit of what the majority regarded as a noble and crucial political agenda\_in this case to protect slavery and the political power of the slave holding South and thereby preserve the Union
