*Reactionary Democracy* Aurelien Mondon, Aaron Winter, 2020-04-03 Democracy must be anti racist Any less is cowardly Any less is reactionary Democracy is not necessarily progressive and will only be if we make it so What Mondon and Winter call reactionary democracy is the use of the concept of democracy and its associated understanding of the power to the people democratics for reactionary ends The resurgence of racism populism and the far right is not the result of popular demands as we are often told It is rather the logical conclusion of the more or less conscious manipulation by the élite of the concept of the people and the working class to push reactionary ideas These narratives place racism as a popular demand rather than as something encouraged and perpetuated by élites thus exonerating those with the means to influence and control public discourse through the media in particular This in turn has legitimised the far right strengthened its hand and compounded inequalities These actions divert us away from real concerns and radical alternatives to the current system Through a careful and thorough deconstruction of the hegemonic discourse currently preventing us from thinking beyond the liberal vs populist dichotomy this book develops a better understanding of the systemic forces underpinning our current model and its exploitative and discriminatory basis The book shows us that the far right would not have been able to achieve such success either electorally or ideologically were it not for the help of élite actors the media politicians and academics While the far right is a real threat and should not be left off the hook the authors argue that we need to shift the responsibility of the situation towards those who too often claim to be objective and even powerless bystanders despite their

Le Livre Si l'on admet qu'il y a un problème d'antisémitisme en France cela ne dit rien encore de la question de savoir si il faut parler d'une vague nouvelle de l'antisémitisme ou d'un nouvel antisémitisme. Nicolas Weill pose ce problème et nous invite à partir de l'interroger dans un contexte fortement marqué par l'actualité politique la vitalité démocratique de notre République en réfléchissant tout particulièrement la manière dont se pose la question de l'identité et des communautés dans la France d'aujourd'hui. Il y ajoute une réflexion très neuve sur la façon dont nous devons traiter ces questions et par le même sculptent la réalité dont il leur incombe de rendre compte. En d'autres termes l'antisémitisme ou le communautarisme de la France contemporaine ressemblent ils vraiment ce qu'ils écrivent nous-mêmes. En quoi s'en distingue-t-il ? Et qu'est-ce qui se joue dans cet écart entre la réalité et sa représentation     **Le Bûcher des vaniteux 2** Eric Zemmour, 2013-03-13. Ils ont gagné. Ils sont le bien le juste le bon. La victoire du progressisme sur la réaction de la lumière sur l'obscurité du peuple sur la bourgeoisie mais ils sont les nouveaux bourgeois que le peuple a abandonnés depuis longtemps. Ils ont gagné et avec eux la paix sur la guerre la fraternité sur l'egoisme l'amour sur la haine. Ils ont gagné et la réalité n'a qu'un bien à tenir. Les nations n'existent plus les frontières n'existent plus mais les sexes n'existent plus seuls les immigrants existent encore. Ils ont gagné et les chants peuvent trembler et les bons se rassurer les chants se taire et les bons parler les chants sans terre et sans voix et sans visage si ce n'est celui de la haine du racisme de la misogynie de la xénophobie de l'islamophobie de l'homophobie mort aux phobes. Toujours la même histoire folle pleine de bruit et de fureur contre un idiot. Mais l'idiot c'est moi     **La democracia reaccionaria. La hegemonización del racismo y la ultraderecha populista** Aurelien Mondon, Aaron Winter, 2023-04-24. La sociedad actual adolece de una realidad velada que es el incremento de la pobreza de la marginación de los inmigrantes del racismo del populismo y de la ultraderecha mientras tanto quienes poseen los medios para fijar la agenda y cuyas voces se escuchan para que sus políticas se implementen defiendenicamente sus intereses egoístas y limitados favoreciendo finalmente esta tendencia. Democracia reaccionaria es el uso del concepto de democracia y su idea fundamental de que el poder político lo tiene el pueblo como una manipulación más o menos consciente que utiliza la construcción del sentido común y la voluntad del pueblo para defender e impulsar ciertas ideas reaccionarias al servicio del poder político y que frena así la posibilidad de una democracia que progrese hacia una mayor justicia social. Los autores nos aportan en este libro un marco analítico con el que entender el funcionamiento de esta realidad actual excluyente en el contexto mundial de nuestros días. Es una obra que se dirige a quienes ocupan instituciones de privilegio ya sea en los medios de comunicación o la política para que detengan la legitimación y racionalización tanto del racismo como del clasismo y luchen contra la reafirmación que ese es produciendo en su entorno de los sistemas de poder privilegio y desigualdad     [L'éducation](#)
