Mea Culpa Learning From Mistakes In The Ministry:

Mea Culpa Kyle McClellan, 2015 An incredibly honest and candid insight into the life of a pastor who faced the disappointment of unmet expectations and faced the burnout. Receive the essential lessons from a man who by God's grace still stands. Christian Theology in Practice Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it. In this book Bonnie J Miller-McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology. Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life. Christian Theology in Practice shows not only where Miller-McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time. Looking forward Miller-McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears. For Life Abundant Dorothy C. Bass, Craig Dykstra, 2008-04-29 Bass and Dykstra have written extensively and collaboratively on Christian Practices arguing that the what Christians have done faithfully over time constitutes a life giving way of life and that this living of Christianity is more primary to what it means to be Christian than doctrinal confession that our confessions spring from faithful living rather than the other way around. This book contains numerous essays that take up the question of Christian Practices and ministry the preparation of ministers theological education etc in a post Enlightenment understanding of the relationship of practice and head knowledge. Because the book is the result of a community conversation it doesn't have a clear thesis but it models its conviction that reflection on theology arises from community conversation around our life in discipleship together. An extremely helpful beginning to a conversation about ministry practices of faith clergy preparation etc as the time has come to integrate the kind of learning that comes in the classroom with the kind that only comes from living the faith with others. Amazon.com **Qualitative Research and Transformative Results** Jessy Jaison, 2018-04-19 An immensely valuable resource for those who seek to do qualitative research in theological education. Jessy Jaison's Qualitative Research and Transformative Results calls for the holistic transformation of the church and society by helping researchers and their mentors develop capacities that will be up to the task. This masterful work informs and inspires researchers to explore the qualitative domain in theological research as a vital link between the academy and the world. Bringing a fresh perspective to theological study in human socio cultural environments through eight comprehensive chapters it offers theoretical and practical guidance on every aspect of qualitative inquiry. **Saying It Well** Charles R.
