Young and in love, they developed a thriving dental business, built a half-million-dollar mansion, and raised the perfect family. Then whispers of an affair between David and his beautiful secretary drifted through their exclusive Houston social circle. A private detective confirmed the rumors. When Clara saw her husband with his mistress, she climbed behind the wheel of her luxurious car and put an end to their charmed life together by crushing her husband to death underneath the wheels of her silver Mercedes-Benz. What the headline-making trial ultimately revealed was a high-profile marriage running on empty marital infidelity, a woman's deadly passion, and the private hell behind a public life of the rich and privileged. **Out of Control** tells the whole shocking story of this marriage that ended in jealous murder. [Pioneering African-American Women in the Advertising Business](#) Judy Davis, 2016-12-08

Much has been written about the men and women who shaped the field of advertising, some of whom became legends in the industry. However, the contributions of African American women to the advertising business have largely been omitted from these accounts. Yet evidence reveals some trailblazing African American women who launched their careers during the 1960s Mad Men era and went on to achieve prominent careers. This unique book chronicles the nature and significance of these women's accomplishments, examines the opportunities and challenges they experienced, and explores how they coped with the extensive inequities common in the advertising profession. Using a biographical narrative approach, this book examines the careers of these important African American women who not only achieved managerial positions in major mainstream advertising agencies but also established successful agencies bearing their own names. Based on their words and memories, this study reveals experiences which are intriguing, triumphant, bittersweet, and sometimes tragic. These women's stories comprise a vital part of the historical narrative on women and African Americans in advertising and will be instructive not only to scholars of advertising and marketing history but to future generations of advertising professionals.
