Christ the Gift and the Giver Enoch O. Okode,2022-01-28 This book provides a close look at how Paul uses the Greco Roman royal benefaction system in Romans 5 1 11 as well as 5 12 8 39 to accomplish his theological purpose of portraying Jesus Christ as the supreme royal benefactor so that the Roman believers might faithfully respond to his reign now even as they anticipate glorification This study makes at least three significant contributions First at the lexical level it provides a reading that accounts for the benefaction motifs that permeate Romans 5 1 11 and Romans 5 12 8 39 Second it looks at the relationship between as used in Romans 5 2 and the Messiah s sacrifice as described in Romans 5 6 10 even as it asserts that Paul portrays Christ as a royal benefactor in ways that surprise the Greco Roman notion of brokerage and the expectation that a beneficiary would be willing to die for the sake of his benefactor Third the study demonstrates that the Messiah s supreme benefaction demands appropriate reciprocity or fitting response **Sermons Concerning Grace and Temptations ...** Thomas Froyssell,1678 *The Gift of Thanks* Margaret Visser,2009-11-19 A scholarly many angled examination of what gratitude is and how it functions in our lives from the bestselling author of *The Rituals of Dinner* The New York Times Known as an anthropologist of everyday life Margaret Visser has won numerous awards for illuminating the unexpected meanings of everyday objects and rituals Now she turns her keen eye to another custom so ubiquitous that it often escapes notice saying Thank you What do we really mean by these two simple words This fascinating inquiry into all aspects of gratitude explores such topics as the unyielding determination of parents to teach their children to thank the difference between speaking the words and feeling them and the ways different cultures handle the complex matters of giving receiving and returning favors and presents Visser elucidates the fundamental opposition in our own culture between gift giving and commodity exchange as well as the similarities between gratitude and its opposite vengefulness *The Gift of Thanks* considers cultural history including the modern battle of social scientists to pin down the notion of thankfulness and account for it and the newly awakened scientific interest in the biological and evolutionary roots of emotions With characteristic wit and erudition Visser once again reveals the extraordinary in the everyday An anthropological and philosophical account of how and why we give thanks All delivered in elegant clear prose A book to be thankful for sympathetic to human foible deeply learned and a pleasure to read Kirkus Reviews A delightful and graceful gift of a book for which any fortunate recipient will be thankful Publishers Weekly *The gift of Pentecost, meditations on the Holy Ghost, tr. by lady A. Kerr* Maurice Meschler,1903 The Crusader ,1927 **Summa Theologica** Thomas Aquinas,2024-01-01 In *Summa Theologica* Thomas Aquinas meticulously explores the intersections of faith and reason producing a compendium of Christian theology that remains foundational to Western philosophy Written in a systematic question and answer format the

work addresses the nature of God the moral implications of human actions and the mysteries of salvation Aquinas employs logic and Aristotelian philosophy to articulate concepts of natural law and ethics making profound contributions to scholasticism during the 13th century a period marked by intellectual revival and theological inquiry within the Church Thomas Aquinas a Dominican friar and theologian aimed to resolve the tension between faith and philosophical reasoning in his era characterized by growing interest in Aristotelian thought His academic journey from the University of Naples to his time in Paris profoundly shaped his understanding of metaphysics and ethics Influenced by spiritual mentors and his own contemplative experiences Aquinas sought to present a comprehensive theological framework that could serve both the academic realm and the devout believer Summa Theologica is an indispensable text for anyone seeking to grasp the philosophical underpinnings of Christian theology and moral philosophy Its rigorous approach to theological inquiry invites readers to engage deeply with crucial questions concerning existence purpose and divine law making it essential reading for scholars and laypersons alike
