**Designing Your Dream Husband** Amie Dockery, 2004-10-07 God has given women a gift that is so woven into their nature that they approach everything from homes to husbands with the thought Wow I could do great things with that To see

potential is a great good but the downside is the propensity to compare reality with the expectation This is especially harmful in marriage if a woman tries to show her husband his potential in all the wrong ways such as comparison or suggestions for change So how does a wife encourage her husband to become what God has placed within him to be It requires an understanding of her own need for repentance and restoration as well as working with the right team and the right tools The right team is God as architect Jesus as supplier and the Holy Spirit as builder The right tools include prayer declaration and action that bring restoration and that also reveal her own need to change Each chapter explores a case study of a biblical character s life an action that gained him authority an area of vulnerability and the most memorable moment this person wore the mantle Each chapter also includes a pattern for prayer questions from which a woman can build the blueprint for repentance restoration and declaration Personal application includes Putting Your Words to Work a written vision declaration and a Seal it with a Gift with practical ways to gently yet generously introduce revelation of a husband s skills and abilities through a tangible gift

**Gift of Submission** Allie Blocker, 2014-12-23 Gelisa is mine She has been for four years now I haven t touched her not yet I want her to come to me I want her complete and utter surrender All she has to do is say the words and I will give her the world But my little Gelisa is a stubborn minx It is going to take some doing to get her submission So I ve decided to force her hand I m taking her to my cabin just five days before Christmas I have five days to get her verbal submission And I will get it EXCERPT The little minx has risen to her feet as she s speaking an intimidating five foot one and a half inches taking a few steps in my direction Not nearly close enough Happy to oblige her I close the gap slowly walking forward until I am towering over her My adorable little pixie woman Although the top of her head barely reaches my chest she is lush with generous curves The short bobbed haircut she recently traded her braids for frames her russet heart shaped face It makes her look like a fierce fairy I like that very much her fierceness She isn t a woman easily broken which is perfect as I have no desire to break her Challenge her yes take her to the absolute edge of endurance absolutely But slaves don t do it for me At one time that wasn t so but I have learned so much more about myself since then I desire no I require a submissive one that will challenge me as much as I challenge her Gelisa Parker is the woman my exacting standards demand All I need to do is show her then claim her The law does not pause for the holidays Miss Parker I lean down so our faces are mere inches apart allowing all my pent up desire to shine in my eyes as I stare unblinking into hers The gasp that rushes out in an audible breath isn t the only indication she sees what I am feeling clearly Those almond shaped eyes widen her juicy lips parting ever so slightly They look delicious I really need to taste them Soon but not yet Not until she fully understands what I require of her It is imperative she knows what is to be the nature of our relationship And there is absolutely no doubt there will be a relationship Ummm am I interrupting something The idiot on the couch has the gross misfortune of speaking Sighing is a woman s weapon as much as tears are Yet I allow one to to escape Centuries ago I would ve been able to murder him with impunity Such a curse to be born in modern times Yes you are I inform him fast

losing my patience Run along now Gelisa he dares to question my woman I have to turn my head to face him which thoroughly pisses me off I don't want to look at his weasely face I could gleefully strangle the tosser at this point You will leave I speak in a clear measured tone lest he fail to comprehend You can go on your own or I can make you Your choice

**The Obedience Paradox** Mary Stanford, 2022-08-26 Few concepts in Christianity are more misunderstood than obedience Words like submissive subject and obedient can appear utterly incompatible with the fundamental equality that Jesus offers to us in baptism Yet headship and obedience within marriage has been preached authoritatively throughout the Church's history When properly understood and lived out obedience is in fact liberating The Obedience Paradox illuminates the subject by examining the relationship between husband and wife in marriage as an image of Christ's relationship to the Church Presenting the sexual complementarity of husband and wife as an expression of gift this book probes the meaning and power of receptivity in a relationship While a marriage certainly involves mutual giving and receiving a husband most authentically lives headship when he acts as a generous giver towards his wife Correspondingly a wife practices authentic obedience when she graciously receives of her husband's self gift Understanding obedience as the free reception of a gift unveils its unique potential to make us more free and to bring about deeper spiritual union between persons both human and divine Modern Catholics often have difficulty identifying with traditional concepts of masculinity femininity and marriage Rather than gloss over these seemingly troublesome categories Mary Stanford offers a new path forward In her novel exploration of the true meaning of obedience Mary reveals the freedom God offers to men and women in their vocations as loving wives and husbands Fr Patrick Mary Briscoe OP editor in chief of *Aleteia* Mary's book is fresh and delightful provocative and persuasive She blends biblical and theological knowledge with wisdom derived from attentiveness to the practicalities of married life and with impressive insight into the male and female psyches She writes so beautifully that one wants to pause regularly just to appreciate her phrasing as well as her illuminating concepts This book makes a true

Represented Communities John D. Kelly,Martha Kaplan,2001-09 In 1983 Benedict Anderson s Imagined Communities revolutionized the anthropology of nationalism Anderson argued that print capitalism fostered nations as imagined communities in a modular form that became the culture of modernity Now in Represented Communities John D Kelly and Martha Kaplan offer an extensive and devastating critique of Anderson s depictions of colonial history his comparative method and his political anthropology The authors build a forceful argument around events in Fiji from World War II to the 2000 coups showing how focus on imagined communities underestimates colonial history and obscures the struggle over legal rights and political representation in postcolonial nation states They show that the self determining nation state actually emerged with the postwar construction of the United Nations fundamentally changing the politics of representation Sophisticated and impassioned this book will further anthropology s contribution to the understanding of contemporary nationalisms
