program of construction that focused on signature projects along the city's lakefront including especially Millennium Park Navy Pier the Museum Campus Northerly Island Soldier Field and two major expansions of McCormick Place the city's convention center During this period Daley also presided over major residential construction in the Loop and in the surrounding neighborhoods devoted millions of dollars to beautification efforts across the city and increased the number of summer festivals and events across Grant Park As a result of all these initiatives the number of tourists visiting Chicago skyrocketed during the Daley years Daley has been harshly criticized in some quarters for building a tourist oriented economy and infrastructure at the expense of other priorities Daley left his successor Rahm Emanuel with serious issues involving a long standing pattern of police malfeasance underfunded and uneven schools inadequate housing opportunities and intractable budgetary crises Nevertheless Spirou and Judd conclude because Daley helped transform Chicago into a leading global city with an exceptional urban culture he also left a positive imprint on the city that will endure for decades to come
