Transdex Index ,1994 An index to translations issued by the United States Joint Publications Research Service JPRS

Bell & Howell's Newspaper Index to the Detroit News ,1986 **Operation Lock and the War on Rhino Poaching**

John Hanks,2015 The definitive account of a daring and controversial covert operation to stop the aggressive illegal trade in rhino horn in the 1980s How to Study Rhinos Bayard H. Brattstrom,Martha A. Brattstrom,Mary E. Shipman,2016-04-29

Rhinos are interesting fun to watch and endangered of becoming extinct This book is first about how scientists study rhinos and then information is presented on rhino taxonomy distribution ecology fossil history behavior reproduction and conservation including poaching But there is a lot more to rhinos than just the above there are also sections on rhinos in history rhinos in art rhino companies logos and products as well as lists of rhino books toys and conservation organizations

Four Years for the Rhino Kamalajaṅga Kumvara,2012 *Help the Black Rhinoceros* Grace Hansen,2018-12-15 This title will teach readers about the black rhinoceros and where it lives It will also let readers know that black rhinos are critically endangered and that they face many threats like poaching and habitat loss Aligned to Common Core Standards and correlated to state standards Abdo Kids Jumbo is an imprint of Abdo Kids a division of ABDO **The Rhino Rescue**

Genevieve Riddle,1988 **Rhino Poaching** Janina Naef,2016 Rhino horn is very popular in Asia as it is a status symbol and used as medicine That is one reason why the number of these animals is decreasing continuously In 2007 13 rhinos were poached in South Africa while in 2015 the number increased to 1175 rhinos This Matura Paper deals with problems of rhino poaching in South Africa It poses into the question if it is still possible to see rhinos in the future and examines what should be done to save this species from extinction Therefore 5 theses has been stated which consist of political financial protection measures and enlightenment of local and Asian people Thereby an interview has been conducted with a conservationist in addition to research in a volunteering project in South Africa regarding these theses The results prove the problems already stated If there are no changes in one of these problems the rhino doubtfully has a future **Under Siege** Vivek Menon,1996

This reports documents the results of a study by TRAFFIC India with the support of WWF India The study began in 1992 and field updates continued to be received until April 1996 The report presents information on rhinoceros population poaching and trade in and use of rhinoceros horn Douwlina Grace Borgeson,2012 There are two kinds of stories in the world those that have sad endings and those that have happy endings Douwlina s story began with great sadness when she lost her

mother to poachers but it has a happy ending From the time Douwlina was rescued loving people and even animals have stepped forward to care for her In Africa where Douwlina lives there were once over 100 000 of these smart magnificent animals Now there are less than 20 000 on the entire continent and one is poached every day in the Kruger Park alone Rhino are killed illegally for their horn because people believe it has power in traditional medicine and rituals The cost for an ounce of horn can be as high as five times the price of gold Until people everywhere understand the plight of the rhino each rhino is

in danger Douwlina s journey to safety takes her to the Hoedspruit Endangered Species Centre in South Africa where in addition to the dedicated staff a lamb cares for her When she is old enough to live on her own in the wild she moves to the farm of Annales and Johan But Douwlina has spent so much time with loving humans that she acts more like an enormous house pet than a wild animal This tender story shows how each animal and human who has been part of her life has helped her first to survive then to thrive and at last to live among her own kind as she was born to do It highlights the bonds between people and animals and reminds us of the importance of being good stewards of the animals who share the planet with us

A Rhino To The Rescue Cleve Hicks,2017-04-07 Ernest Horningway a big city rhinoceros has discovered a terrible truth His wild cousins in Africa and hundreds of other animal species are being wiped out by international poaching gangs Ernest makes a brave decision he will leave behind his comfortable home and travel to the wild savannahs of Africa to meet his cousins and hopefully find a way to save them
