Assessment explores the ideas and tools that are needed to assess science learning at the state level This book provides a
detailed examination of K 12 science assessment looking specifically at what should be measured and how to measure it
Along with reading and mathematics the testing of science is a key component of NCLB it is part of the national effort to
establish challenging academic content standards and develop the tools to measure student progress toward higher
achievement The book will be a critical resource for states that are designing and implementing science assessments to meet
the 2007 2008 requirements of NCLB In addition to offering important information for states Systems for State Science
Assessment provides policy makers local schools teachers scientists and parents with a broad view of the role of testing and
assessment in science education The Hidden Curriculum - Faculty Made Tests in Science Sheila Tobias, 1997
Secondary Science Jerry Wellington, 2002-11-01 Science education has changed radically in recent years both as a result
of debates within the subject and because of curriculum legislation Jerry Wellington discusses the major issues in science
education today such questions as the balance of content and process in the curriculum the role of practical work and the
nature of science as a subject and uses this discussion to support a very practical resource for teachers in training and their
mentors The book covers every aspect of science teaching including Planning Differentiation and special needs Assessment
Practical work Problem solving and investigations IT in science Handling sensitive issues e g sex education Building on
children's prior learning Throughout Wellington's guidance is accompanied by suggestions for discussion activities for
individual and group use and annotated lists of further reading aimed at helping the reader to build up a personal approach to
the teaching of the subject Students will also be helped by the glossaries of specialist terminology at the end of each chapter
and by the references to National Curriculum attainment targets at every point in the book Holt Science & Technology
