How To Get Along With Almost Anyone:

How to Get Along with Almost Anyone Josh Hunt, 2014-11-05 The quality of your life is mostly about the quality of your relationships. If you have good relationships, life is good. If you can't master the fine art of getting along with others, not much else matters. This book is about learning to get along with others when getting along is difficult. The Bible has much to say about getting along, and this book will mine that information. In addition, we will look at how science illustrates biblical truth with the latest findings. If you want to learn to get along with almost anyone, this book is for you. **How to Find**

Almost Anyone, Anywhere Norma Mott Tillman, 1994-10-30 Learn a PI's secrets for finding missing loved ones, birth parents, first loves, heirs, military personnel, and others without breaking the law. A private investigator provides the information by which tens of millions of Americans separated by adoption will be able to find a lost relative. Whether you are looking for an old friend, a dead beat dad, a debtor, father, mother, or sibling, this is the book that may change your life. **A Step-by-Step Guide to Socio-Emotional**

Relationship Therapy Carmen Knudson-Martin, 2023-12-19 Writing to the practicing clinician, this book offers a step-by-step practical guide to Socio-Emotional Relationship Therapy (SERT) when working with individuals, couples, and families. Most therapists know sociocultural systems influence their clients' lives, but few know how to connect the dots between what happens in the wider society, interpersonal neurobiology, relational processes, and client well-being. Written by a founder of SERT, Carmen Knudson-Martin draws on knowledge from multiple disciplines to innovatively weave together a practical step-by-step guide that demystifies the connections between micro and macro processes and relational self-development. Divided into four parts, chapters cover how to conceptualize clinical issues through a socio-emotional lens, the therapist's role in assessment, goal setting, clinical decision making, the how-to of each of the three phases of the SERT clinical sequence, and self of the therapist work and clinical research that inform the model. The clear writing style and detailed examples make complex social processes accessible, demonstrating how good practice is and must be equitable and socially responsible. This practical guide is essential reading for all mental health professionals, such as seasoned family therapists, counselors, psychologists, social workers, and students in training in these fields. **Conflict Resolution** June Hunt, 2021-08-17

Disharmony in the home, wars in the workplace, and disputes in the church should lead us to the One to whom we can turn to for direction, strength, and courage. Passivity is not the real path to peace. Learn what causes the worst type of conflict and how to overcome core differences, working through conflict rather than pushing it to the side. Packed with charts, diagrams, and easy-to-understand explanations, enjoy having causes, solutions, practical applications, and scriptures right at your fingertips.
