The American Dream most think this is quite elusive But there are real people who rose above whatever challenges there is and achieve the dream which to many just fizzles away with the clouds Bobby Henley is a son of sharecropper who quit school on his sixth grade because he was ridiculed for being poor But he is one kid with a dream For him life could offer him something better than what their family is scarcely getting Now in his sixties Bobby is worth two million dollars He owns a mobile home moving company a house a hundred acre farm and rental properties How did it happen This man s story is

about his journey as a hardworking employee and businessman whose impeccable character is well known among his peers and clients and whose stand for what is right took to him to Arkansas state capital to ask senators to repeal a fifty year old state law that prevented small mobile home moving companies from making business in their home state This husband and father who instilled in his children a working ethic that helped them through their lives will show that any roadblock to one's success can be overcome if anybody has a will to carry on with that dream Why would I want to quit he will say **The Chaos Machine** Max Fisher, 2022-09-06 Finalist for the Helen Bernstein Book Award for Excellence in Journalism From a New York Times investigative reporter this authoritative and devastating account of the impacts of social media New York Times Book Review tracks the high stakes inside story of how Big Tech's breakneck race to drive engagement and profits at all costs fractured the world The Chaos Machine is an essential book for our times Ezra Klein We all have a vague sense that social media is bad for our minds for our children and for our democracies But the truth is that its reach and impact run far deeper than we have understood Building on years of international reporting Max Fisher tells the gripping and galling inside story of how Facebook Twitter YouTube and other social network preyed on psychological frailties to create the algorithms that drive everyday users to extreme opinions and increasingly extreme actions As Fisher demonstrates the companies' founding tenets combined with a blinkered focus on maximizing engagement have led to a destabilized world for everyone Traversing the planet Fisher tracks the ubiquity of hate speech and its spillover into violence ills that first festered in far off locales to their dark culmination in America during the pandemic the 2020 election and the Capitol Insurrection Through it all the social media giants refused to intervene in any meaningful way claiming to champion free speech when in fact what they most prized were limitless profits The result as Fisher shows is a cultural shift toward a world in which people are polarized not by beliefs based on facts but by misinformation outrage and fear His narrative is about more than the villains however Fisher also weaves together the stories of the heroic outsiders and Silicon Valley defectors who raised the alarm and revealed what was happening behind the closed doors of Big Tech Both panoramic and intimate The Chaos Machine is the definitive account of the meteoric rise and troubled legacy of the tech titans as well as a rousing and hopeful call to arrest the havoc wreaked on our minds and our world before it's too late *The Book of Dip: How God Can Change a Man, a Marriage, and More* Floyd "Dipper" Garrison, 2016-10-16 Oh what a life it's been Hold on tight and let me tell you a story Meet Floyd Dipper Garrison a man who has been up down and everywhere in between From day one his existence has been one of note Near death experiences a mother's tragic death a promising basketball career dashed by a devastating motorcycle accident empires built and fortunes made a rocky marriage repaired miraculously by faith and commitment a story indeed Fiction should be so rich In The Book of Dip discover how God can change a man a marriage and much much more Be inspired be enriched and be amazed **The Spark and the Drive** Wayne Harrison, 2014-07-15 By an award winning writer of short fiction a devastatingly powerful debut novel of hero worship first love and betrayal Justin Bailey is

seventeen when he arrives at the shop of legendary muscle car mechanic Nick Campbell. Anguished and out of place among the students at his rural Connecticut high school, Justin finds in Nick his captivating wife Mary Ann and their world of miraculous machines the sense of family he has struggled to find at home. But when Nick and Mary Ann's lives are struck by tragedy, Justin's own world is upended. Suddenly Nick, once celebrated for his mechanical genius, has lost his touch. Mary Ann, once tender and compassionate to her husband, has turned distant. As Justin tries to support his suffering mentor, he finds himself drawn toward the man's grieving wife. Torn apart by feelings of betrayal, Justin must choose between the man he admires more than his own father and the woman he yearns for. A poignant and fiercely original debut with moments of fast-paced suspense, Wayne Harrison's *The Spark and The Drive* is the unforgettable story of a young man forced to make an impossible decision, no matter the consequences.
