Severed Corey Brown, 2009-02 In the distant past, an Aboriginal dies and makes a choice. It is 1968, and a young woman from New Orleans falls in love with a stranger. Up in Chalmette, Louisiana, a ruthless band of policemen commit an atrocity. Like gathering thunderheads, these events will chain together and descend upon Detective Cody Briggs in an unrelenting

storm For Briggs the Crescent City no longer feels like home It has become a place where nothing makes sense where people are not who they seem to be where losing his life is the least of his troubles Losing his mind is the real problem Facing allegations of murder official misconduct and witness tampering Cody has to make a choice Run or stay and fight But where can you hide when the devil makes house calls

Safety Related Recall Campaigns for Motor Vehicles and Motor Vehicle Equipment, Including Tires, Reported to the National Highway Traffic Safety Administration by Domestic and Foreign Vehicle Manufacturers, January 1, 1987 to December 31, 1987 ,1988 **Chilton's Auto Service Manual** ,2002

Car Safety Wars Michael R. Lemov,2015-03-19 Car Safety Wars is a gripping history of the hundred year struggle to improve the safety of American automobiles and save lives on the highways Described as the equivalent of war by the Supreme Court the battle involved the automobile industry unsung and long forgotten safety heroes at least six US Presidents a reluctant Congress new auto technologies and most of all the mindset of the American public would they demand and be willing to pay for safer cars The Car Safety Wars were at first won by consumers and safety advocates The major victory was the enactment in 1966 of a ground breaking federal safety law The safety act was pushed through Congress over the bitter objections of car manufacturers by a major scandal involving General Motors its private detectives Ralph Nader and a gutty cigar chomping old politician The act is a success story for government safety regulation It has cut highway death and injury rates by over seventy percent in the years since its enactment saving more than two million lives and billions of taxpayer dollars But the car safety wars have never ended GM has recently been charged with covering up deadly defects resulting in multiple ignition switch shut offs Toyota has been fined for not reporting fatal unintended acceleration in many models Honda and other companies have for years sold cars incorporating defective air bags These current events suggesting a failure of safety regulation may serve to warn us that safety laws and agencies created with good intentions can be corrupted and strangled over time This book suggests ways to avoid this result but shows that safer cars and highways are a hard road to travel We are only part of the way home
