cc 1972 1974 We encourage you to exercise caution when purchasing technical publications for your classic motorcycle or
automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by
individuals that really have no idea what they are selling Many are nothing more than poor quality digital or comb bound
photocopies that are scanned or printed complete with greasy pages and thumbprints and as such are deceptively described
as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years
However VelocePress com has been publishing reprints of motorcycle and automobile manuals since 2003 and our
publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product **CZ**
