Im Dreaming Of A Black Christmas:

I'm Dreaming of a Black Christmas Lewis Black,2010-11-02 From Lewis Black the uproarious and perpetually apoplectic New York Times bestselling author and Daily Show regular comes a ferociously funny book about his least favorite holiday Christmas Christmas is supposed to be a time of peace on earth and goodwill toward all But not for Lewis Black He says humbug to the Christmas traditions and trappings that make the holiday memorable In I m Dreaming of a Black Christmas his hilarious and sharply observed book about the holiday Lewis lets loose on all things Yule It s a very personal look at what s wrong with Christmas seen through the eyes of the most engagingly pissed off comedian ever From his own Christmas rituals which have absolutely nothing to do with presents or the Christmas tree or Rudolph to his own eccentric experiences with the holiday from a USO Christmas tour to playing Santa Claus in full regalia I m Dreaming of a Black Christmas is classic Lewis Black funny razor sharp insightful and honest You ll never think of Christmas in the same way

Audiobooks as Artifacts David Seinberg, 2024-06-19 Their ever-evolving popularity notwithstanding, audiobooks remain a rather undertheorized phenomenon. The prevailing handful of existing studies seem to have adopted an inherently historicist approach which fails to identify and scrutinize their aesthetic importance. Thus, rather than regarding them as mere recorded versions of existing literary works, this book explores them as the unique products of a hitherto undefined artistic genre. As performance-based aural artefacts, the very act of listening to them is rendered an aesthetic experience in its own right. By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums ignited by a paradigmatic application of the New Institutional Theory of Art, this study establishes a new aesthetic category which in turn not only classifies audiobooks as artworks to all intents and purposes but also generates the criteria and parameters for evaluating their merit. Since the proof of the proverbial pudding is purportedly in the eating, in surveying a series of concrete case studies, each highlighting different degrees of complexities, this study mainly examines first-person narratives as the most natural medium for the aesthetics of the audiobook. As such, the investigation herein provides one with comparative close listenings, appropriately analyzing and debating their aesthetic properties. Finally, in exploring what this study identifies as one's informed intuition and its role in the craft of casting audiobooks, this study also proposes a new understating of how aesthetic appreciation works in action.
