We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. 2. In books where there are images such as portraits, maps, sketches, etc., we have endeavored to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. *Maximilian and Carlotta, a Story of Imperialism, by John M. Taylor* John Metcalf Taylor, 1894 The Making of a Market Juliette Levy, 2015-11-04 During the nineteenth century Yucatán moved effectively from its colonial past into modernity, transforming from a cattle ranching and subsistence farming economy to a booming export-oriented agricultural economy. Yucatán and its economy grew in response to increasing demand from the United States for henequén, the local cordage fiber. This henequén boom has often been seen as another regional and historical example of overdependence on foreign markets and extortionary local elites. In *The Making of a Market* Juliette Levy argues instead that local social and economic dynamics are the root of the region's development. She shows how credit markets contributed to the boom before banks and bank crises existed and how people borrowed before the creation of institutions designed specifically to lend. As the intermediaries in this lending process, notaries became unwitting catalysts of Yucatán's capitalist transformation. By focusing attention on the notaries' role in structuring the mortgage market rather than on formal institutions such as banks, this study challenges the easy compartmentalization of local and global relationships and of economic and social relationships. *Fateful Lightning* Allen C. Guelzo, 2012-05-11 The Civil War is the greatest trauma ever experienced by the American nation: a four-year paroxysm of violence that left in its wake more than 600,000 dead, more than 2 million refugees, and the destruction in modern dollars of more than 700 billion in property. The war also sparked some

of the most heroic moments in American history and enshrined a galaxy of American heroes Above all it permanently ended the practice of slavery and proved in an age of resurgent monarchies that a liberal democracy could survive the most frightful of challenges In *Fateful Lightning* two time Lincoln Prize winning historian Allen C Guelzo offers a marvelous portrait of the Civil War and its era covering not only the major figures and epic battles but also politics religion gender race diplomacy and technology And unlike other surveys of the Civil War era it extends the reader's vista to include the postwar Reconstruction period and discusses the modern day legacy of the Civil War in American literature and popular culture Guelzo also puts the conflict in a global perspective underscoring Americans acute sense of the vulnerability of their republic in a world of monarchies He examines the strategy the tactics and especially the logistics of the Civil War and brings the most recent historical thinking to bear on emancipation the presidency and the war powers the blockade and international law and the role of intellectuals North and South Written by a leading authority on our nation's most searing crisis *Fateful Lightning* offers a vivid and original account of an event whose echoes continue with Americans to this day
