Pluralist Economics

Edward Fullbrook, 2013-07-18 This book is an authoritative and accessible guide to the pluralist movement threatening to revolutionise mainstream economics. Leading figures in the field explain why pluralism is a required virtue in economics, how it came to be blocked, and what it means for the way we think about research and teach economics. The first part of the book looks at how neoclassical economics gained its stranglehold, particularly in the United States, and how the social and intellectual underpinnings of economics have enabled it to maintain this in the face of inconsistent evidence from the real world. This is then contrasted with different approaches to pluralism. Pluralist Economics then goes on to address the array of arguments for establishing pluralism, showing how economics came to function as a concealed ideology and not as a science, and how value-free economics is an illusion. Finally, it addresses the practical problems presented by this different way of doing economics.

Johannessen,Ansgar Pedersen,Kurt Petersen,2013-04-17 Business education and business research has often been criticized by the business community which claims that much of it is mainly directed at the establishment of teachers and researchers themselves instead of distributing their knowledge to the business community It may seem that many universities and other research institutions have turned into mere knowledge manufacturers where the emphasis is more on the output volume than on quality of relevance with little or no consideration for the end users As universities and corporations attempt to prepare management to be alert to future changes improved and even brand new teaching methodologies are required The main focus of the present volume is on the distribution and selection of new knowledge How can business educators deliver new knowledge to students and the business community more rapidly than before How should we define the core business curriculum when new knowledge becomes old knowledge **SIDBI Exam PDF-Assistant**
