Re/Writing the Center Susan Lawrence,Terry Myers Zawacki,2019-03-15 Re Writing the Center illuminates how core writing center pedagogies and institutional arrangements are complicated by the need to create intentional targeted support for advanced graduate writers Most writing center tutors are undergraduates whose lack of familiarity with the genres preparatory knowledge and research processes integral to graduate level writing can leave them underprepared to assist graduate students Complicating the issue is that many of the graduate students who take advantage of writing center support are international students The essays in this volume show how to navigate the divide between traditional writing center theory and practices developed to support undergraduate writers and the growing demand for writing centers to meet the needs of advanced graduate writers Contributors address core assumptions of writing center pedagogy such as the concept of peers and peer tutoring the emphasis on one to one tutorials the positioning of tutors as generalists rather than

specialists and even the notion of the writing center as the primary location or center of the tutoring process Re Writing the Center offers an imaginative perspective on the benefits writing centers can offer to graduate students and on the new possibilities for inquiry and practice graduate students can inspire in the writing center Contributors Laura Brady Michelle Cox Thomas Deans Paula Gillespie Mary Glavan Marilyn Gray James Holsinger Elena Kallestinova Tika Lamsal Patrick S Lawrence Elizabeth Lenaghan Michael A Pemberton Sherry Wynn Perdue Doug Phillips Juliann Reineke Adam Robinson Steve Simpson Nathalie Singh Corcoran Ashly Bender Smith Sarah Summers Molly Tetreault Joan Turner Bronwyn T Williams Joanna Wolfe *CLIL Activities with CD-ROM* Liz Dale, Rosie Tanner, 2012-03-15 Innovative activities for Content and Language Integrated Learning CLIL teachers and trainee teachers CLIL Activities is organised into five chapters Activating Guiding understanding Focus on language Focus on speaking and Focus on writing A further chapter provides practical ideas for assessment review and feedback The Background to CLIL section offers a clear explanation of what CLIL is and its benefits and challenges The book contains a wide range of easily accessible activities that can be used in any order Dedicated subject pages include annotated extracts from authentic school teaching materials demonstrating how language is used in particular school subjects such as geography science maths and ICT The accompanying CD ROM contains print ready CLIL activities Podcasting and Education Carola Boehm, Tim Canfer, Camilo Salazar, 2025-07-31 Podcasting and Education Concepts Communities and Case Studies provides both theoretical frameworks and real life examples to support readers in the use of podcasting as a medium in education This edited collection brings together the collective experience of educators from around the world who use podcasting in their pedagogical toolset providing a rich diverse collection of practical insights for educating through podcasting Readers will be able to gain a deeper understanding of the diversity of opportunities for embedding audio into the classroom learn from practitioners and educators who have been using podcasting in education for years and gather ideas from inspirational case studies that represent models which can be adapted adopted or amended to suit a variety of contexts This book will be of interest to both educators and podcasters with an interest in facilitating learning journeys in day to day settings educational classrooms and academia as well as instructors of all kinds including those teaching audio media production and journalism
