## **Michelangelo And The Pope S Ceiling:**

*Michelangelo and the Pope's Ceiling* Ross King, 2014-10-14 Recounts Michelangelo's creation of his masterpiece the ceiling of the Sistine Chapel from his commission from Pope Julius II through the artist's four years of work to the final acclaim at the painting's 1512 unveiling      **Michelangelo and the Popes Ceiling(Signed)** Ross King, 2002-10-01

Michelangelo and the English Martyrs Anne Dillon, 2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having been involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet's producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo's presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo's close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation      **The Faun in the Garden: Michelangelo and the Poetic Origins of Italian Renaissance Art ,      Michelangelo, Selected Scholarship in English: The Sistine Chapel** William E. Wallace, 1995 Accessible to readers useful to specialists Much as has been written on Michelangelo By 1970 the number of scholarly books and articles exceeded 4 000 approximately a tenth in English In the past 25 years the literature has grown exponentially with a notable increase in English language publications The five volume series reproduces some 100 articles in English selected from a broad range of books and journals The collection is both accessible to the general reader and useful to the specialist offering a representative sample of old and new commentary on the artist and his work The career of
