Pitre,2023-04-05 This book is unique It offers readers opportunities to explore the most common universal themes taught in secondary English Language Arts classrooms using poetry however it doesn t simply suggest poems grouped by common themes Each poetry section presents a poetic conversation among the poets on each of the given eight themes One of the poets initiates each section with an original poem and the next poet responds to the first initial poem The other poets join the conversation responding to the first second or any of the poems previously included in this section The poems feature the themes of poetry places nature beauty and harmony love loyalty and betrayal home and family loss and grief and dreams and hopes for the future The three final chapters aim to explain how to use these poems and poetry in general in the classrooms and beyond its walls to invite novice and experienced poets to create various forms of poetry and to share views on poetry its teaching reading and writing The various poetry forms are explored in this volume to create poems that help deliver the author s message All poems are written exclusively for a diverse readership of the book *Thinking and Learning through Children's Literature* Miriam G. Martinez,Junko Yokota,Charles Temple,2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author s intended meaning and the devices used to convey that

meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children s books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children s literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books
