

The Five Senses

Authors: Lisa Deierling and Laura Reeves
Grade: Kindergarten
Subject: Science
Concept: Senses

Generalizations:

- 1.) The senses work together to give us a clear view of how we perceive the world around us.
- 2.) Senses can be influenced by each other.
- 3.) Our senses are interdependent on one another and form symbiotic relationships.
- 4.) Our senses interact.

Facts/Terms:

- 1.) Eyes for Sight
- 2.) Ears for Hearing
- 3.) Skin for Touching
- 4.) Tongue for Tasting
- 5.) Nose for Smelling

Essential Question: What would it be like if you didn't have all of your *senses*?

Pre-assessment:

- The teacher will ask the students if they know what senses are and then explain to the group that we will read the big book, *Sense Suspense* and find out how many senses we have and what they are.
 - This book is a guessing game photo book of the five senses.
 - The children will have to look at the picture and determine which sense they would use.
 - Discussion will follow as we begin this unit.

Anti-Bias Curriculum for the Preschool Classroom YWCA Minneapolis Early Childhood Education Department, 2021-04-13
The YWCA Minneapolis Early Childhood Education's anti-biased and play-based curriculum uses practical and real-life experiences to support teacher learning and practice. With thrilling success in 2016, 94% of infants through preschoolers enrolled in this program were on track with age-appropriate development. This curriculum is flexible enough to accommodate state or local standards while remaining open to children's ideas, interests, and questions. The YWCA Minneapolis Early Childhood Education Department has been providing quality education for forty years, delivering a powerful blend of high-quality full-time early childhood education, direct service, and advocacy for children from infants through ten-year-olds in partnership with their families.

Responsible AI Integration in Education Araujo, Juan J., Snider, Sharla, 2025-07-15
As AI becomes increasingly embedded in educational systems, the need for responsible AI integration has become critical. Responsible AI in education goes beyond technology; it involves ethical considerations and inclusivity that all learners can benefit from equally. By thoughtfully aligning AI tools with pedagogical goals and safeguarding against bias or misuse, educators and policymakers can harness AI's potential while minimizing harm. *Responsible AI Integration in Education* explores the consequences of integrating AI into education. This book delves into the transformative potential of AI as well as the risks associated with its unchecked advancement. Covering topics such as childhood development, ethical leadership, and special education, this book is an excellent resource for educators, researchers, practitioners, and more.

The Block Plan Preschool Parent Handbook Katy Harder, 2017-11-15
The Block Plan Preschool is the ultimate tool for parents to use in bringing in free play and reducing structure in children's lives while still making sure they are challenged, inspired, and ready for school. The Parent Handbook is an abridged version of *The Block Plan Preschool: Preparing Your Child at Home for Kindergarten*. It includes discussion of early education philosophy, kindergarten readiness, how to make the curriculum work for your family, and themes and book lists for each month. Perfect for taking to the library to collect books from the book list or giving to caregivers or grandparents so they understand your parenting philosophy, the Parent Handbook is printed in a convenient trade paperback format. The flexible structure of *The Block Plan Preschool* helps children learn all they need to know before entering public school but allows them to explore and learn at their own pace and according to their own interests. Best of all, the lessons are fun for both parents and kids and help the whole family play together. Parents are a child's most important teachers, and *The Block Plan Preschool* is an empowering resource to help them improve their child's early education, reclaim the simplicity and freedom of childhood, and enhance family relationships.

Raising a Healthy Child: Universal Nurturing Techniques to Overcome Adverse Childhood Experiences, Child Trauma, and Behavior Disorders Dr. Meena Chintapalli,2019-09-26 The power of brain training through nurture using multisensory integration zero to three years and even up to five years of life is essential to prevent behavior and learning disorders and youth health risk behaviors This book is a humanitarian contribution from the Society for Assistance

International SAI and the SAI Institute of Educare with the intention of preventing child trauma and consequent neurodevelopmental and physical disorders This book is the result of my passion to reach out to all and ensure that every child is born to give something back to society Every parent loves their progeny and wants to give them the best I am certain that parents might have read thousands of books filled with suggestions on parenting techniques regimental reward and reactive limit setting techniques But awareness by parents of giving positive early experiences through nurture will help build holistic intellectual and effective personality development extracted from every newborn A knowledgeable parent will seek an education that explains how to nurture and extract inherent potential from each newborn They will be happy to move away from old theories on raising an infant and will eagerly self educate to develop the skills to be an effective parent There is one universal truth that differentiates humanity from the rest of creation It is only in human beings that the five senses connect the individual to the world with the executive brain which sits on the top of the eye sockets orbits and helps use discrimination and self regulation to balance all the emotions
