

Similarities & Differences

Similarities and differences describe what characteristics are alike or different between two or more things. They are often used as examples to support an argument, idea, or feeling.

Type	Definition	Example
Comparisons	Noting factual similarities and/or differences between two subjects	Jack and Leslie both enjoy playing sports, but Jack likes soccer while Leslie likes tennis.
Classifications	Grouping things into categories based on specific characteristics	Although their bodies look furry like some mammals, penguins have feathers like other birds.
Metaphors	Using an action or object to describe another action or object without using "like" or "as"	The football player was a stampeding bull on the field.
Analogies	Finding similarities between two unrelated things	A bank distributes money, as a supermarket distributes food.
