Gilgamesh By David Ferry

Michael Hoelscher

Gilgamesh By David Ferry:

Gilgamesh David Ferry, 1993-06 Adaptation of English translations of Gilgamesh Includes bibliographical references

The Woman Who Married the Bear Barbara Alice Mann, Kaarina Kailo, 2023-11-10 Stories of the primordial woman who married a bear appear in matriarchal traditions across the global North from Indigenous North America and Scandinavia to Russia and Korea In *The Woman Who Married the Bear* authors Barbara Alice Mann a scholar of Indigenous American culture and Kaarina Kailo who specializes in the cultures of Northern Europe join forces to examine these Woman Bear stories their common elements and their meanings in the context of matriarchal culture The authors reach back 35 000 years to tease out different threads of Indigenous Woman Bear traditions using the lens of bear spirituality to uncover the ancient matriarchies found in rock art caves ceremonies rituals and traditions Across cultures in the earliest known traditions women and bears are shown to collaborate through star configurations and winter cave dwelling symbolized by the spring awakening from hibernation followed by the birth of cubs By the Bronze Age however the story of the Woman Bear marriage had changed it had become a hunting tale refocused on the male hunter Throughout the book Mann and Kailo offer interpretations of this earliest known Bear religion in both its original and its later forms Together they uncover the maternal cultural symbolism behind the bear marriage and the Original Instructions given by Bear to Woman on sustainable ecology and lifeways free of patriarchy and social stratification

Resisting Injustice and the Feminist Ethics of Care in the Age of Obama David A.J. Richards, 2014-02-05 David A J Richards s *Resisting Injustice and The Feminist Ethics of Care in The Age of Obama* Suddenly All The Truth Was Coming Out builds on his and Carol Gilligan s *The Deepening Darkness* to examine the roots of the resistance movements of the 1960s the political psychology behind contemporary conservatism and President Obama s present day appeal as well as the reasons for the reactionary politics against him Richards begins by laying out the basics of the ethics of care and proposing an alternative basis for ethics relationality which is based in convergent findings in infant research neuroscience and evolutionary psychology He critically analyzes patriarchal politics and states that they are rooted in a reactionary psychology that attacks human relationality and ethics From there the book examines the 1960s resistance movements and argues that they were fundamentally oriented around challenging patriarchy Richards asserts that the reactionary politics in America from the 1960s to the present are in service of an American patriarchy threatened by the resistance movements ranging from the 1960s civil rights movements to the present gay rights movement Reactionary politics intend to marginalize and even reverse the ethical achievements accomplished by resistance movements creating in effect a system of patriarchy hiding in democracy Richards consequently argues that Obama s appeal is connected to his challenge to this system of patriarchy and will examine both Obama s appeal and the reactions against him in light of the 2012 presidential election This book positions recent American political development in a broad analysis of the role of patriarchy in human oppression throughout history and argues that a feminist based ethics of care is necessary to

form a more humane and inclusive democratic politics From the Dust of the Earth Matthew J. Ramage, 2022-05-06 In this book the author's fourth dedicated to applying Joseph Ratzinger Benedict XVI's wisdom to pressing theological difficulties Matthew Ramage attempts to square advances in the field of evolutionary biology with the Bible as interpreted through the teaching of the Catholic Church Distinguishing between evolutionary theory properly speaking and materialist philosophy Ramage's work both addresses the challenge of evolutionary science to Catholic teaching on human origins and argues that discoveries in evolutionary biology yield precious insight into the mystery of God's saving plan in Christ applying Ratzinger's principles to such issues as the meaning of man's special creation the relationship between sin and death and the implications of evolution for eschatology **Quick Writes Grades 6-8** Pamela Marx, 1999-03 Educational resource for teachers parents and kids The Origins of Democracy in Tribes, City-States and Nation-States Ronald M. Glassman, 2017-06-19 This four part work describes and analyses democracy and despotism in tribes city states and nation states The theoretical framework used in this work combines Weberian Aristotelian evolutionary anthropological and feminist theories in a comparative historical context The dual nature of humans as both an animal and a consciously aware being underpins the analysis presented Part One covers tribes It uses anthropological literature to describe the campfire democracy of the African Bushmen the Pygmies and other band societies Its main focus is on the tribal democracy of the Cheyenne Iroquois Huron and other tribes and it pays special attention to the role of women in tribal democracies Part Two describes the city states of Mesopotamia Syria and Canaan Phoenicia and includes a section on the theocracy of the Jews This part focuses on the transition from tribal democracy to city state democracy in the ancient Middle East from the Sumerian city states to the Phoenician Part Three focuses on the origins of democracy and covers Greece Mycenaean Dorian and the Golden Age It presents a detailed description of the tribal democracy of Archaic Greece emphasizing the causal effect of the hoplite phalanx military formation in egalitarianizing Greek tribal society Next it analyses the transition from tribal to city state democracy with the new commercial classes engendering the oligarchic and democratic conflicts described by Plato and Aristotle Part Four describes the Norse tribes as they contacted Rome the rise of kingships the renaissance of the city states and the parliamentary monarchies of the emerging nation states It provides details of the rise of commercial city states in Renaissance Italy Hanseatic Germany and the Netherlands *The Rise of Gay Rights and the Fall of the British Empire* David A. J. Richards, 2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights By closely examining the roots of liberal resistance in Britain and resistance to patriarchy in the United States this book shows that fighting the demands of patriarchal manhood and womanhood plays an important role in countering imperialism Advocates of feminism and gay rights in particular the Bloomsbury Group in Britain play an important public function in the criticism of imperialism because they resist the gender binary's role in rationalizing sexism and homophobia in both public and private life The connection

between the rise of gay rights and the fall of empire illuminates larger questions of the meaning of democracy and of universal human rights as shared human values that have appeared since World War II The book also casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and that they must reflect Western as opposed to African or Asian values To the contrary gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy

The Well-Educated Mind Susan Wise Bauer, 2015-11-05 The enduring and engaging guide to educating yourself in the classical tradition Have you lost the art of reading for pleasure Are there books you know you should read but haven't because they seem too daunting In *The Well Educated Mind* Susan Wise Bauer provides a welcome and encouraging antidote to the distractions of our age electronic and otherwise Newly expanded and updated to include standout works from the twenty first century as well as essential readings in science from the earliest works of Hippocrates to the discovery of the asteroid that killed the dinosaurs *The Well Educated Mind* offers brief entertaining histories of six literary genres fiction autobiography history drama poetry and science accompanied by detailed instructions on how to read each type The annotated lists at the end of each chapter ranging from Cervantes to Cormac McCarthy Herodotus to Laurel Thatcher Ulrich Aristotle to Stephen Hawking preview recommended reading and encourage readers to make vital connections between ancient traditions and contemporary writing *The Well Educated Mind* reassures those readers who worry that they read too slowly or with below average comprehension If you can understand a daily newspaper there's no reason you can't read and enjoy Shakespeare's sonnets or *Jane Eyre* But no one should attempt to read the Great Books without a guide and a plan Bauer will show you how to allocate time to reading on a regular basis how to master difficult arguments how to make personal and literary judgments about what you read how to appreciate the resonant links among texts within a genre what does *Anna Karenina* owe to *Madame Bovary* and also between genres In her best selling work on home education *The Well Trained Mind* the author provided a road map of classical education for parents wishing to home school their children that book is now the premier resource for home schoolers In *The Well Educated Mind* Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self improvement from the time they spend reading Followed carefully her advice will restore and expand the pleasure of the written word

Reading for Form Susan J. Wolfson, Marshall Brown, 2015-12-14 Reflecting varieties of theory and practice in both verse and prose from the Middle Ages to the twenty first century these essays by many of America's leading literary scholars call for a reinvigorated formalism that can enrich literary studies open productive routes of commerce with cultural studies and propel cultural theory out of its thematic ruts This book reprints *Modern Language Quarterly's* highly acclaimed special issue *Reading for Form* along with new essays by Marjorie Perloff D Vance Smith and Susan Stewart and a revised introduction by Susan Wolfson With historical case studies and insightful explorations *Reading for Form* offers invaluable material for literary critics in all specializations

Gay Body Mark Thompson, 1999-03-15 In a compelling mix of

autobiography and theory the author of *Gay Spirit* and *Gay Soul* offers a groundbreaking look at the path to a fully integrated body and spirit **More Matter** John Updike, 2009-02-19 In this collection of nonfiction pieces John Updike gathers his responses to nearly two hundred invitations into print each an opportunity to make something beautiful to find within oneself a treasure that would otherwise remain buried Introductions reviews and humorous essays paragraphs on New York religion and lust here is more matter commissioned by an age that as the author remarks in his Preface calls for real stuff not for the obliquities and tenuosities of fiction Still the novelist's shaping hand his gift for telling detail can be detected in many of these literary considerations Books by Edith Wharton Dawn Powell John Cheever and Vladimir Nabokov are incisively treated as are biographies of Isaac Newton Abraham Lincoln Queen Elizabeth II and Helen Keller As George Steiner observed Updike writes with a solicitous almost tender intelligence The critic and the poet in him are at no odds with the novelist the same sharpness of apprehension bears on the object in each of Updike's modes **Classics and Translation** D. S.

Carne-Ross, 2010 D S Carne Ross 1921 2010 was one of the finest critics of classical literature in English translation after Arnold More than four decades of Carne Ross's writings are represented in this volume which includes criticism of both ancient and modern writers in addition to historical critical studies of translation discriminating analyses of translators widely read today and investigations in the relationship between translation criticism and literary creation This book will appeal to a wide audience including classicists specialists in reception and translation studies students of comparative literature and literary readers **Myth and Method** Laurie L. Patton, Wendy Doniger, 1996 In confronting these tensions they provide an outline of the most troubling questions in the field and offer a variety of responses to them *The Odes of Horace* Horace, 1998-10-30 A new bilingual translation of the works of a Roman poet with Latin and English versions on facing pages In Discipline one reads Sweet and proper it is to die for your country But Death would just as soon come after him Who runs away **Teaching and Christian Imagination** David I. Smith, Susan M. Felch, 2016-01-15 This book offers an energizing Christian vision for the art of teaching The authors experienced teachers themselves encourage teacher readers to reanimate their work by imagining it differently David Smith and Susan Felch along with Barbara Carvill Kurt Schaefer Timothy Steele and John Witvliet creatively use three metaphors journeys and pilgrimages gardens and wilderness buildings and walls to illuminate a fresh vision of teaching and learning Stretching beyond familiar clichés they infuse these metaphors with rich biblical echoes and theological resonances that will inform and inspire Christian teachers everywhere

The Bible Now Richard Elliott Friedman, Shawna Dolansky, 2011-07-01 For millennia people have used the Bible as a touchstone on important social and political questions and rightly so But many use the Bible simply as a weapon to wield against opponents in a variety of debates without knowing what the Bible actually says about the issue in question In *The Bible Now* two respected biblical scholars Richard Elliott Friedman and Shawna Dolansky tell us carefully what the Hebrew Bible says or does not say about a wide range of issues including homosexuality abortion women's status capital punishment

and the environment In fascinating passages that shed new light on some of today s most passionate disputes the authors reveal how the Bible is frequently misunderstood misquoted mistranslated and misused For instance those who quote the Bible in condemning homosexuality often cite the story of Sodom and those who favor homosexuality point to David s lament over the death of Jonathan But as the authors show neither passage is clearly about homosexuality and these texts do not offer solid footing on which to make an argument Readers learn that female homosexuality is not prohibited only male homosexuality And on the subject of abortion the Bible is practically silent with one extraordinary exception The Bible has inspired people to do great good but has also been used by people to do great harm so it is vitally important for us to pay attention to it and to get it right The Bible Now shows us how we can and cannot use this ancient source of wisdom to address our most current and pressing issues

Who Were the Babylonians? Bill T. Arnold,2019-01-15 This engaging and informative introduction to the the Babylonians were important not only because of their many historical contacts with ancient Israel but because they and their predecessors the Sumerians established the philosophical and social infrastructure for most of Western Asia for nearly two millennia Beginning and advanced students as well as biblical scholars and interested nonspecialists will read this introduction to the history and culture of the Babylonians with interest and profit

Amarna Studies William L. Moran,2018-08-14 In this volume are collected all of the writings Moran devoted to the Amarna letters over more than four decades including his doctoral dissertation which has been one of the most widely cited unpublished works in ancient Near Eastern studies A citation index makes Professor Moran s comments on individual texts readily accessible

Genius Loci Alison Hawthorne Deming,2005-05-31 From a poet and essayist whose writing about nature has won her comparisons with Gary Snyder and Terry Tempest Williams comes a new collection that offers further evidence of her ability to trace the intersections of the human and nonhuman worlds The title poem is a lyrical excavation of the city of Prague where layers of history culture and nature have accumulated to form a genius loci a guardian spirit

The Promethean Illusion Bob Tostevin,2014-01-10 This book explores two contradictory realities our continuing belief that nature is subject to our willful control and nature s refusal to abide by this belief It investigates particular aspects of modern science and spotlights the impact Newtonian science had upon the Western world It then critically assesses twentieth century developments in science presenting a number of biological and ecological case studies that document the various limitations that the natural world places upon human knowledge The analysis argues against programmatic proposals to control nature via genetic engineering and planet management
