Debating Roman Imperialism Critique Construct Repeat This is followed by an array of papers with topics ranging in geographic scope and period from small finds in early Roman Britain to bathing practices Late Antique North Africa and from the investigation of deviant burials to the application of urban scaling theory in Roman contexts Because of this diversity the volume is not broken into specific sections however papers with similar themes are grouped accordingly allowing the text to flow and be read as a whole The range of contributing authors is also of note as papers were submitted by PhD students post doctoral researchers and university faculty all helping to make the 25th anniversary of this series one that continues to emphasis and reflect the aims of TRAC both as a conference and as a conduit for exploring more theory driven approaches to the Roman past

Critical Metals in Northwest China Xiaohua Deng,Yan-Jing Chen,Leon Bagas,Chang-Zhi Wu,2022-02-24 Recent Advances in Understanding Gold Deposits T. Torvela,R.J. Chapman,J. Lambert-Smith,2022-12-06

Gold occurs in many settings but the dynamic nature of Earth s crust means overlapping and overprinting deposit styles are common Characterization of mineralization from an early stage becomes important particularly where the mineralization is complex in order to maximize exploration and project development success and mining productivity Various techniques are used at different stages of a project to characterize gold deposits This Special Publication offers a cross section of some specific techniques used to investigate a variety of gold deposit types The papers highlight both the breadth of the available techniques and their utility in deposit characterization but also the many significant remaining questions and problems related to the exploration and research of gold deposits Several papers include suggestions of avenues for fruitful further research including a paper discussing a new approach to classifying orogenic gold deposits and a paper describing archaeological applications of natural gold analyses *Various Census of India* ,1883 *Government Gazette* ,1895

Annual Report Mpumalanga (South Africa). Department of Education,2014 *Mining and Community in South Africa* Philippe Burger,Lochner Marais,Deirdre van Rooyen,2017-09-22 Mining has played a key role in the growth of many towns in South Africa This growth has been accompanied by a proliferation of informal settlements by pressure to provide basic services and by institutional pressures in local government to support mining Fragile municipal finance changing social attributes the pressures of shift work on mineworkers the impact on the physical environment and perceived new inequalities between mineworkers contract workers and original inhabitants have further complicated matters Mining growth has however also led to substantial local economic benefits to existing business and it has contributed to a mushrooming of new enterprises While the relationship between mining and economic development at the country level has received adequate attention in existing literature less is known about the consequences of mining at the local level This book investigates the local impacts of mining in South Africa focusing on employment inequality housing business development worker well being governance municipal finance planning and the environment Taking an interdisciplinary approach Mining and Community in South Africa will be of interest to scholars of South Africa economic development labour and industry politics and planning
