**Captive Audience** Catherine Gidney,2019-04-02 White Spot a popular BC restaurant chain solicits hamburger concepts from third and fourth grade students and one of the student s ideas becomes a feature on the kids menu Home Depot donates playground equipment to an elementary school and the ribbon cutting ceremony culminates in a community swathed in corporate swag temporary tattoos and a new Home Depot song written by a teacher and sung by the children Kindergarten students return home with a school district prescribed dental hygiene flyer featuring a maze leading to a tube of Crest toothpaste Schools receive five cents for each flyer handed to a student While commercialism has existed in our schools for

over a century the corporate invasion of our schools reached unprecedented heights in the 1990s and 2000s after two decades of federal funding cuts and an increasing tendency to apply business models to the education system Constant cutbacks have left school trustees administrators teachers and parents with difficult decisions about how to finance programs and support students Meanwhile studies on the impact of advertising and consumer culture on children make clear that the effects are harmful both to the individual child and the broader culture Captive Audience explores this compelling history of branding the classroom in Canada     *Impacts of Marine Litter* Luisa Galgani,Ricardo Beiras,Francois Galgani,Cristina Panti,Angel Borja,2019-08-15     *Discriminatory Bullying* Esoh Elamé,2013-06-20 This book is devoted to the relation between bullying at school and ethnicity gender sexual orientation and disability In examining the interactions between bullying and discrimination the authors set out from the premise that the current practice of intercultural education does not systematically address the issue of bullying as evidenced by the lack within schools of intercultural education projects The starting point for the work is a survey conducted in ten European countries on a sample of about 9 000 students including immigrants and natives The research provides important information on which factors deserve special attention when formulating interventions in the classroom with the aim of preventing or combating discriminatory bullying If intercultural education is called upon to handle the fight against any form of discrimination it cannot shirk from addressing the issue of bullying discrimination The results represent a sound stimulating basis for broad and realistic reflections on discriminatory bullying and intercultural education and show that intercultural pedagogy needs to be appropriately equipped theoretically This book will be an indispensable tool for those seeking a thorough understanding of the new challenges facing intercultural education and the means of overcoming them On that basis innovative education practices should be developed with the aim of spreading a culture of non violence and intercultural dialogue     Government Reports Announcements & Index ,1987-03     Who's who Among Students in American Universities and Colleges Henry Pettus Randall,1973     Psychology in Everyday Life David G.
